

NYSE ARCA: SGDJ

SUPPLEMENT DATED AUGUST 4, 2015
TO THE PROSPECTUS AND STATEMENT OF ADDITIONAL INFORMATION
DATED MARCH 16, 2015

Change of Custodian, Fund Accounting Agent and Transfer Agent

Effective August 3, 2015, the Board of Trustees of the Trust has appointed State Street Bank and Trust Company ("State Street") as the custodian and transfer agent and ALPS Fund Services, Inc. as the fund accounting agent to the Sprott Junior Gold Miners ETF. As a result, all references to The Bank of New York Mellon in the Prospectus and SAI with respect to the above named Fund are hereby deleted and replaced with reference to State Street with respect to custodian and transfer agent services and ALPS Fund Services, Inc. with respect to fund accounting services.

In addition, the section entitled "Custodian and Transfer Agent" on page 24 of the SAI is hereby deleted and replaced in its entirety with the following:

Custodian and Transfer Agent. State Street Bank and Trust Company ("SSB"), also serves as custodian for the Funds pursuant to a Custodian Agreement. As custodian, SSB holds each Fund's assets, calculates the NAV of Shares and calculates net income and realized capital gains or losses. SSB also serves as transfer agent of the Funds pursuant to a Transfer Agency Agreement. As compensation for the foregoing services, SSB receives certain out-of-pocket costs, transaction fees and asset based fees which are accrued daily and paid monthly by the Adviser from the management fee

* * *

PLEASE RETAIN THIS SUPPLEMENT FOR FUTURE REFERENCE.

Investment Company Act File No. 811-22175

ALPS ETF Trust

Sprott Junior Gold Miners ETF (SGDJ)

Statement of Additional Information

Dated March 16, 2015

This Statement of Additional Information (“SAI”) is not a prospectus. It should be read in conjunction with the Prospectus dated March 16, 2015 for the Sprott Junior Gold Miners ETF (the “Fund”), a series of the ALPS ETF Trust (the “Trust”), as it may be revised from time to time. Capitalized terms used herein that are not defined have the same meaning as in the Prospectus, unless otherwise noted. A copy of the Prospectus may be obtained without charge by writing to the Trust’s distributor, ALPS Portfolio Solutions Distributor, Inc. (the “Distributor”), or by calling toll free 855.215.1425.

GENERAL DESCRIPTION OF THE TRUST AND THE FUND

The Trust was organized as a Delaware statutory trust on September 13, 2007 and is authorized to have multiple series or portfolios. The Trust is an open-end management investment company, registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The Trust currently consists of 18 investment portfolios. This SAI relates to the Sprott Junior Gold Miners ETF. The Fund is an exchange-traded fund (commonly referred to as an “ETF”). ETFs are funds that trade like other publicly-traded securities. Similar to shares of an index mutual fund, each share of the Fund represents a partial ownership in an underlying portfolio of securities intended to track a market index.

The Fund seeks investment results that correspond (before fees and expenses) generally to the performance of the Sprott Zacks Junior Gold Miners Index (the “Underlying Index”). The shares of the Fund are referred to herein as “Shares” or “Fund Shares.”

The 1940 Act classifies management investment companies as either diversified or non-diversified. The Fund is classified as “non-diversified.” The Fund is managed by ALPS Advisors, Inc. (“ALPS Advisors” or the “Adviser”).

The Fund will offer and issue Shares at net asset value (“NAV”) only in aggregations of a specified number of Shares (each a “Creation Unit” or a “Creation Unit Aggregation”), generally in exchange for a basket of securities included in the Underlying Index (the “Deposit Securities”), together with the deposit of a specified cash payment (the “Cash Component”). The Fund’s Shares are listed on NYSE Arca, Inc. (the “NYSE Arca”) under the trading symbol SGDJ. Fund Shares will trade on the NYSE Arca at market prices that may be below, at or above NAV. Shares are redeemable only in Creation Unit Aggregations and, generally, in exchange for portfolio securities and a specified cash payment. Creation Units are aggregations of 50,000 Shares. In the event of the liquidation of the Fund, the Trust may lower the number of Shares in a Creation Unit.

The Trust reserves the right to offer a “cash” option for creations and redemptions of Fund Shares. Fund Shares may be issued in advance of receipt of Deposit Securities subject to various conditions including a requirement to maintain on deposit with the Trust cash at least equal to 115% of the market value of the missing Deposit Securities. See the “Creation and Redemption of Creation Unit Aggregations” section. In each instance of such cash creations or redemptions, transaction fees may be imposed that will be higher than the transaction fees associated with in-kind creations or redemptions. In all cases, such fees will be limited in accordance with the requirements of the Securities and Exchange Commission (the “SEC”) applicable to management investment companies offering redeemable securities.

EXCHANGE LISTING AND TRADING

There can be no assurance that the requirements of the NYSE Arca necessary to maintain the listing of Shares of the Fund will continue to be met. The NYSE Arca may, but is not required to, remove the Shares of the Fund from listing if (i) following the initial 12-month period beginning at the commencement of trading of the Fund, there are fewer than 50 beneficial owners of the Shares of the Fund for 30 or more consecutive trading days; (ii) the value of the Underlying Index is no longer calculated or available; or (iii) such other event shall occur or condition exist that, in the opinion of the NYSE Arca, makes further dealings on the NYSE Arca inadvisable. The NYSE Arca will remove the Shares of the Fund from listing and trading upon termination of such Fund.

As in the case of other stocks traded on the NYSE Arca, broker’s commissions on transactions will be based on negotiated commission rates at customary levels.

The Trust reserves the right to adjust the price levels of the Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

INVESTMENT RESTRICTIONS AND POLICIES

Investment Objective

The Fund seeks investment results that correspond (before fees and expenses) generally to the performance of the Underlying Index. The Fund's investment objective is not fundamental and may be changed by the Board of Trustees of the Trust (the "Board" or the "Trustees") without shareholder approval. The Fund has adopted a policy that requires the Fund to provide shareholders with at least 60 days' notice prior to any material change in the Fund's investment objective.

Investment Restrictions

The investment restrictions designated as "fundamental" in the following have been adopted by the Fund as fundamental policies.

With respect to the Fund's fundamental investment restriction 7, asset coverage of at least 300% (as defined in the 1940 Act), inclusive of any amounts borrowed, must be maintained at all times.

As a matter of fundamental policy, the Fund (except as otherwise noted below) may not:

- (1) Invest 25% or more of the value of its total assets in securities of issuers in any one industry or group of industries, except to the extent that the Underlying Index that the Fund replicates concentrates in an industry or group of industries. This restriction does not apply to obligations issued or guaranteed by the U.S. Government, its agencies or instrumentalities.
- (2) Borrow money, except that the Fund may (i) borrow money from banks for temporary or emergency purposes (but not for leverage or the purchase of investments) up to 10% of its total assets and (ii) make other investments or engage in other transactions permissible under the 1940 Act that may involve a borrowing, provided that the combination of (i) and (ii) shall not exceed 33 1/3% of the value of the Fund's total assets (including the amount borrowed), less the Fund's liabilities (other than borrowings).
- (3) Act as an underwriter of another issuer's securities, except to the extent that the Fund may be deemed to be an underwriter within the meaning of the Securities Act of 1933 in connection with the purchase and sale of portfolio securities.
- (4) Make loans to other persons, except through (i) the purchase of debt securities permissible under the Fund's investment policies, (ii) repurchase agreements or (iii) the lending of portfolio securities, provided that no such loan of portfolio securities may be made by the Fund if, as a result, the aggregate of such loans would exceed 33 1/3% of the value of the Fund's total assets.
- (5) Purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments (but this shall not prevent the Fund (i) from purchasing or selling options, futures contracts or other derivative instruments, or (ii) from investing in securities or other instruments backed by physical commodities).

(6) Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments (but this shall not prohibit the Fund from purchasing or selling securities or other instruments backed by real estate or of issuers engaged in real estate activities).

(7) Issue senior securities, except as permitted under the 1940 Act.

Except for restriction (2), if a percentage restriction is adhered to at the time of investment, a later increase in percentage resulting from a change in market value of the investment or the total assets, or the sale of a security out of the portfolio, will not constitute a violation of that restriction.

The foregoing fundamental investment policies cannot be changed as to the Fund without approval by holders of a “majority of the Fund’s outstanding voting shares.” As defined in the 1940 Act, this means the vote of (i) 67% or more of the Fund’s Shares present at a meeting, if the holders of more than 50% of the Fund’s Shares are present or represented by proxy, or (ii) more than 50% of the Fund’s Shares, whichever is less.

In addition to the foregoing fundamental investment policies, the Fund is also subject to the following non-fundamental restrictions and policies, which may be changed at any time by the Board of Trustees without shareholder approval. The Fund may not:

(1) Sell securities short, unless the Fund owns or has the right to obtain securities equivalent in kind and amount to the securities sold short at no added cost, and provided that transactions in options, futures contracts, options on futures contracts, or other derivative instruments are not deemed to constitute selling securities short.

(2) Purchase securities on margin, except that the Fund may obtain such short-term credits as are necessary for the clearance of transactions; and provided that margin deposits in connection with futures contracts, options on futures contracts or other derivative instruments shall not constitute purchasing securities on margin.

(3) Purchase securities of open-end or closed-end investment companies except in compliance with the 1940 Act.

(4) Invest in direct interests in oil, gas or other mineral exploration programs or leases; however, the Fund may invest in the securities of issuers that engage in these activities.

(5) Invest in illiquid securities if, as a result of such investment, more than 15% of the Fund’s net assets would be invested in illiquid securities.

The investment objective of the Fund is a non-fundamental policy that can be changed by the Board of Trustees without approval by shareholders.

INVESTMENT POLICIES AND RISKS

A discussion of the risks associated with an investment in the Fund is contained in the Fund’s Prospectus under the headings “Principal Investment Risks,” “Principal Risks of Investing in the Fund” and “Additional Risk Considerations.” The discussion below supplements, and should be read in conjunction with, such sections of the Fund’s Prospectus.

GENERAL CONSIDERATIONS AND RISKS

Investment in the Fund should be made with an understanding that the value of the portfolio of securities held by the Fund may fluctuate in accordance with changes in the financial condition of the issuers of the portfolio securities, the value of common stocks generally and other factors.

The Fund is not actively managed by traditional methods and therefore the adverse financial condition of any one issuer will not result in the elimination of its securities from the portfolio securities held by the Fund unless the securities of such issuer are removed from its Underlying Index.

An investment in the Fund should also be made with an understanding of the risks inherent in an investment in securities, including the risk that the financial condition of issuers may become impaired or that the general condition of the securities markets may deteriorate (either of which may cause a decrease in the value of the portfolio securities and thus in the value of Shares). Securities are susceptible to general market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction, and global or regional political, economic and banking crises.

An investment in the Fund should also be made with an understanding that the Fund will not be able to replicate exactly the performance of its Underlying Index because the total return generated by its portfolio securities will be reduced by transaction costs incurred in adjusting the actual balance of such securities and other Fund expenses, whereas such transaction costs and expenses are not included in the calculation of its Underlying Index. It is also possible that for short periods of time, the Fund may not fully replicate the performance of its Underlying Index due to the temporary unavailability of certain Underlying Index securities in the secondary market or due to other extraordinary circumstances. Such events are unlikely to continue for an extended period of time because the Fund is required to correct such imbalances by means of adjusting the composition of its portfolio securities.

Holders of common stocks incur more risk than holders of preferred stocks and debt obligations because common stockholders, as owners of the issuer, have generally inferior rights to receive payments from the issuer in comparison with the rights of creditors of, or holders of debt obligations or preferred stocks issued by, the issuer. Further, unlike debt securities which typically have a stated principal amount payable at maturity (whose value, however, will be subject to market fluctuations prior thereto), or preferred stocks which typically have a liquidation preference and which may have stated optional or mandatory redemption provisions, common stocks have neither a fixed principal amount nor a maturity. Common stock values are subject to market fluctuations as long as the common stock remains outstanding.

Loans of Portfolio Securities. The Fund may lend its investment securities to approved borrowers. Any gain or loss on the market price of the securities loaned that might occur during the term of the loan would be for the account of the Fund. These loans cannot exceed 33 1/3% of the Fund's total assets.

Approved borrowers are brokers, dealers, domestic and foreign banks, or other financial institutions that meet credit or other requirements as established by, and subject to the review of, the Trust's Board, so long as the terms, the structure and the aggregate amount of such loans are not inconsistent with the 1940 Act and the rules and regulations thereunder or interpretations of the SEC, which require that (a) the borrowers pledge and maintain with the Fund collateral consisting of cash, an irrevocable letter of credit issued by a bank, or securities issued or guaranteed by the U.S. Government having a value at all times of not less than 102% of the value of the securities loaned (on a "mark-to-market" basis); (b) the loan be

made subject to termination by the Fund at any time; and (c) the Fund receives reasonable interest on the loan. From time to time, the Fund may return a part of the interest earned from the investment of collateral received from securities loaned to the borrower and/or a third party that is unaffiliated with the Fund and that is acting as a finder.

Senior Securities. In general, the Fund may not issue any class of senior security, except within the limitations of the 1940 Act. These limitations allow the Fund to (i) borrow from banks, provided that immediately following any such borrowing there is an asset coverage of at least 300% (the “Asset Coverage Requirement”) for all Fund borrowings, and (ii) engage in trading practices which could be deemed to involve the issuance of a senior security, including but not limited to options, futures, forward contracts, and reverse repurchase agreements, provided that the Fund earmarks or segregates liquid assets in accordance with applicable SEC regulations and interpretations.

Repurchase Agreements. The Fund may enter into repurchase agreements, which are agreements pursuant to which securities are acquired by the Fund from a third party with the understanding that they will be repurchased by the seller at a fixed price on an agreed date. These agreements may be made with respect to any of the portfolio securities in which the Fund is authorized to invest. Repurchase agreements may be characterized as loans secured by the underlying securities. The Fund may enter into repurchase agreements with (i) member banks of the Federal Reserve System having total assets in excess of \$500 million and (ii) securities dealers (“Qualified Institutions”). The Adviser will monitor the continued creditworthiness of Qualified Institutions.

The use of repurchase agreements involves certain risks. For example, if the seller of securities under a repurchase agreement defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Fund will seek to dispose of such securities, which action could involve costs or delays. If the seller becomes insolvent and subject to liquidation or reorganization under applicable bankruptcy or other laws, the Fund’s ability to dispose of the underlying securities may be restricted. Finally, it is possible that the Fund may not be able to substantiate its interest in the underlying securities. To minimize this risk, the securities underlying the repurchase agreement will be held by the custodian at all times in an amount at least equal to the repurchase price, including accrued interest. If the seller fails to repurchase the securities, the Fund may suffer a loss to the extent proceeds from the sale of the underlying securities are less than the repurchase price.

The resale price reflects the purchase price plus an agreed upon market rate of interest. The collateral is marked-to-market daily.

Reverse Repurchase Agreements. The Fund may enter into reverse repurchase agreements, which involve the sale of securities with an agreement to repurchase the securities at an agreed-upon price, date and interest payment and have the characteristics of borrowing. The securities purchased with the funds obtained from the agreement and securities collateralizing the agreement will have maturity dates no later than the repayment date. Generally, the effect of such transactions is that the Fund can recover all or most of the cash invested in the portfolio securities involved during the term of the reverse repurchase agreement, while in many cases the Fund is able to keep some of the interest income associated with those securities. Such transactions are only advantageous if the Fund has an opportunity to earn a greater rate of return on the cash derived from these transactions than the interest cost of obtaining the same amount of cash. Opportunities to realize earnings from the use of the proceeds equal to or greater than the interest required to be paid may not always be available and the Fund intends to use the reverse repurchase technique only when the Adviser believes it will be advantageous to the Fund. The use of reverse repurchase agreements may exaggerate any interim increase or decrease in the value of the Fund’s assets. The custodian bank will maintain a separate account for the Fund with securities having a value

equal to or greater than such commitments. Under the 1940 Act, reverse repurchase agreements are considered loans.

Money Market Instruments. The Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity. The instruments in which the Fund may invest include: (i) short-term obligations issued by the U.S. Government; (ii) negotiable certificates of deposit (“CDs”), fixed time deposits and bankers’ acceptances of U.S. and foreign banks and similar institutions; (iii) commercial paper rated at the date of purchase “Prime-1” by Moody’s Investors Service, Inc. or “A-1+” or “A-1” by Standard & Poor’s or, if unrated, of comparable quality as determined by the Adviser; (iv) repurchase agreements; and (v) money market mutual funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker’s acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

Investment Companies. The Fund may invest in the securities of other investment companies (including money market funds). Under the 1940 Act, the Fund’s investment in investment companies is limited to, subject to certain exceptions, (i) 3% of the total outstanding voting stock of any one investment company, (ii) 5% of the Fund’s total assets with respect to any one investment company and (iii) 10% of the Fund’s total assets of investment companies in the aggregate.

Illiquid Securities. The Fund may invest up to an aggregate amount of 15% of its net assets in illiquid securities. Illiquid securities include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets.

Futures and Options. The Fund may utilize exchange-traded futures and options contracts.

Futures contracts generally provide for the future sale by one party and purchase by another party of a specified commodity at a specified future time and at a specified price. Stock index futures contracts are settled daily with a payment by one party to the other of a cash amount based on the difference between the level of the stock index specified in the contract from one day to the next. Futures contracts are standardized as to maturity date and underlying instrument and are traded on futures exchanges.

Futures traders are required to make a good faith margin deposit in cash or U.S. government securities with a broker or custodian to initiate and maintain open positions in futures contracts. A margin deposit is intended to assure completion of the contract (delivery or acceptance of the underlying commodity or payment of the cash settlement amount) if it is not terminated prior to the specified delivery date. Brokers may establish deposit requirements which are higher than the exchange minimums. Futures contracts are customarily purchased and sold on margin deposits which may range upward from less than 5% of the value of the contract being traded.

After a futures contract position is opened, the value of the contract is marked-to-market daily. If the futures contract price changes to the extent that the margin on deposit does not satisfy margin requirements, payment of additional “variation” margin will be required. Conversely, a change in the contract value may reduce the required margin, resulting in a repayment of excess margin to the contract holder. Variation margin payments are made to and from the futures broker for as long as the contract remains open. In such case, the Fund would expect to earn interest income on its margin deposits. Closing out an open futures position is done by taking an opposite position (“buying” a contract which has previously been “sold,” or “selling” a contract previously “purchased”) in an identical contract to terminate the position. Brokerage commissions are incurred when a futures contract position is opened or closed.

The Fund may use exchange-traded futures and options, together with positions in cash and money market instruments, to simulate full investment in its Underlying Index. Under such circumstances, the Adviser may seek to utilize other instruments that it believes to be correlated to the Underlying Index components or a subset of the components.

An option on a futures contract, as contrasted with the direct investment in such a contract, gives the purchaser the right, in return for the premium paid, to assume a position in the underlying futures contract at a specified exercise price at any time prior to the expiration date of the option. Upon exercise of an option, the delivery of the futures position by the writer of the option to the holder of the option will be accompanied by delivery of the accumulated balance in the writer's futures margin account that represents the amount by which the market price of the futures contract exceeds (in the case of a call) or is less than (in the case of a put) the exercise price of the option on the futures contract. The potential for loss related to the purchase of an option on a futures contract is limited to the premium paid for the option plus transaction costs. Because the value of the option is fixed at the point of purchase, there are no daily cash payments by the purchaser to reflect changes in the value of the underlying contract; however, the value of the option changes daily and that change would be reflected in the NAV of the Fund. The potential for loss related to writing call options on equity securities or indices is unlimited. The potential for loss related to writing put options is limited only by the aggregate strike price of the put option less the premium received.

The Fund may purchase and write put and call options on futures contracts that are traded on a U.S. exchange as a hedge against changes in value of its portfolio securities, or in anticipation of the purchase of securities, and may enter into closing transactions with respect to such options to terminate existing positions. There is no guarantee that such closing transactions can be effected.

Restrictions on the Use of Futures Contracts and Options on Futures Contracts. Pursuant to a claim for exemption filed with the Commodity Futures Trading Commission ("CFTC") on behalf of the Fund, neither the Fund nor the Trust is deemed to be a "commodity pool" or "commodity pool operator" ("CPO"), respectively, under the Commodity Exchange Act ("CEA"), and they are not subject to registration or regulation as such under the CEA. The Adviser is not deemed to be a "commodity trading advisor" with respect to its services as an investment adviser to the Fund. In February 2012, however, the CFTC adopted certain regulatory changes that will subject the adviser of an investment company to registration with the CFTC as a CPO if the investment company is unable to comply with certain trading and marketing limitations. With respect to investments in swap transactions, commodity futures, commodity options or certain other derivatives used for purposes other than bona fide hedging purposes, an investment company must meet one of the following tests under the amended regulations in order to claim an exemption from being considered a "commodity pool" or CPO. First, the aggregate initial margin and premiums required to establish the investment company's positions in such investments may not exceed five percent (5%) of the liquidation value of the investment company's portfolio (after accounting for unrealized profits and unrealized losses on any such investments). Alternatively, the aggregate net notional value of such instruments, determined at the time of the most recent position established, may not exceed one hundred percent (100%) of the liquidation value of the Fund's portfolio (after accounting for unrealized profits and unrealized losses on any such positions). In addition to meeting one of the foregoing trading limitations, the investment company may not market itself as a commodity pool or otherwise as a vehicle for trading in the commodity futures, commodity options or swaps and derivatives markets. In the event that the Adviser were required to register as a CPO with respect to the Fund, the disclosure and operations of the Fund would need to comply with all applicable CFTC regulations. Compliance with these additional registration and regulatory requirements would increase operational expenses. Other potentially adverse regulatory initiatives could also develop.

Swap Agreements. Swap agreements are contracts between parties in which one party agrees to make periodic payments to the other party (the “Counterparty”) based on the change in market value or level of a specified rate, index or asset. In return, the Counterparty agrees to make periodic payments to the first party based on the return of a different specified rate, index or asset. Swap agreements will usually be done on a net basis, the Fund receiving or paying only the net amount of the two payments. The net amount of the excess, if any, of the Fund’s obligations over its entitlements with respect to each swap is accrued on a daily basis and an amount of cash or highly liquid securities having an aggregate value at least equal to the accrued excess is maintained in an account at the Trust’s custodian bank.

The use of interest rate and index swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. These transactions generally do not involve the delivery of securities or other underlying assets or principal.

The use of swap agreements involves certain risks. For example, if the Counterparty under a swap agreement defaults on its obligation to make payments due from it, as a result of its bankruptcy or otherwise, the Fund may lose such payments altogether, or collect only a portion thereof, which collection could involve costs or delays.

Exchange Listing and Trading. There can be no assurance that the requirements of NYSE Arca necessary to maintain the listing of Shares of the Fund will continue to be met. NYSE Arca may, but is not required to, remove the Shares of the Fund from listing under the conditions set forth under “Exchange Listing and Trading” hereof.

The Fund’s continued listing on the Exchange or another stock exchange or market system is a condition of the exemptive relief the Fund obtained from the SEC to operate as ETFs. The Fund’s failure to be so listed would result in the termination of the Fund.

As in the case of other stocks traded on NYSE Arca, broker’s commissions on transactions will be based on negotiated commission rates at customary levels.

The Trust reserves the right to adjust the price levels of the Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

Risks of Futures and Options Transactions. There are several risks accompanying the utilization of futures contracts and options on futures contracts. First, while the Fund plans to utilize futures contracts only if an active market exists for such contracts, there is no guarantee that a liquid market will exist for the contract at a specified time.

Furthermore, because, by definition, futures contracts project price levels in the future and not current levels of valuation, market circumstances may result in a discrepancy between the price of the stock index future and the movement in the Underlying Index. In the event of adverse price movements, the Fund would continue to be required to make daily cash payments to maintain its required margin. In such situations, if the Fund has insufficient cash, it may have to sell portfolio securities to meet daily margin requirements at a time when it may be disadvantageous to do so. In addition, the Fund may be required to deliver the instruments underlying futures contracts it has sold.

The risk of loss in trading futures contracts or uncovered call options in some strategies (e.g., selling uncovered stock index futures contracts) is potentially unlimited. The Fund does not plan to use futures and options contracts in this way. The risk of a futures position may still be large as traditionally measured due to the low margin deposits required. In many cases, a relatively small price movement in a

futures contract may result in immediate and substantial loss or gain to the investor relative to the size of a required margin deposit. The Fund, however, intends to utilize futures and options contracts in a manner designed to limit their risk exposure to levels comparable to direct investment in stocks.

Utilization of futures and options on futures by the Fund involves the risk of imperfect or even negative correlation to the Underlying Index if the index underlying the futures contract differs from the Underlying Index. There is also the risk of loss by the Fund of margin deposits in the event of bankruptcy of a broker with whom the Fund has an open position in the futures contract or option; however, this risk is substantially minimized because (a) of the regulatory requirement that the broker has to “segregate” customer funds from its corporate funds, and (b) in the case of regulated exchanges in the United States, the clearing corporation stands behind the broker to make good losses in such a situation. The purchase of put or call options could be based upon predictions by the Adviser as to anticipated trends, which predictions could prove to be incorrect and a part or all of the premium paid therefore could be lost.

Because the futures market imposes less burdensome margin requirements than the securities market, an increased amount of participation by speculators in the futures market could result in price fluctuations. Certain financial futures exchanges limit the amount of fluctuation permitted in futures contract prices during a single trading day. The daily limit establishes the maximum amount by which the price of a futures contract may vary either up or down from the previous day’s settlement price at the end of a trading session. Once the daily limit has been reached in a particular type of contract, no trades may be made on that day at a price beyond that limit. It is possible that futures contract prices could move to the daily limit for several consecutive trading days with little or no trading, thereby preventing prompt liquidation of futures positions and subjecting the Fund to substantial losses. In the event of adverse price movements, the Fund would be required to make daily cash payments of variation margin.

Although the Fund intends to enter into futures contracts only if there is an active market for such contracts, there is no assurance that an active market will exist for the contracts at any particular time.

Risks of Swap Agreements. The risk of loss with respect to swaps generally is limited to the net amount of payments that the Fund is contractually obligated to make. Swap agreements are also subject to the risk that the swap counterparty will default on its obligations. If such a default were to occur, the Fund will have contractual remedies pursuant to the agreements related to the transaction. However, such remedies may be subject to bankruptcy and insolvency laws which could affect the Fund’s rights as a creditor — (e.g., the Fund may not receive the net amount of payments that it contractually is entitled to receive). The Fund, however, intends to utilize swaps in a manner designed to limit its risk exposure to levels comparable to direct investments in stocks.

Equity Securities. The value of equity securities fluctuates in response to general market and economic conditions (market risk) and in response to the fortunes of individual companies (company risk). Therefore, the value of an investment in the Fund that holds equity securities may decrease. The market as a whole can decline for many reasons, including adverse political or economic developments here or abroad, changes in investor psychology, or heavy institutional selling. Also, certain unanticipated events, such as natural disasters, terrorist attacks, war, and other geopolitical events, can have a dramatic adverse effect on stock markets. Changes in the financial condition of a company or other issuer, changes in specific market, economic, political, and regulatory conditions that affect a particular type of investment or issuer, and changes in general market, economic, political, and regulatory conditions can adversely affect the price of equity securities. These developments and changes can affect a single issuer, issuers within a broad market sector, industry or geographic region, or the market in general.

Tax Risks. As with any investment, you should consider how your investment in Shares of the Fund will be taxed. The tax information in the Prospectus and this Statement is provided as general information.

You should consult your own tax professional about the tax consequences of an investment in Shares of the Fund.

MANAGEMENT

Trustees and Officers

The general supervision of the duties performed by the Adviser for the Fund under the Investment Advisory Agreement is the responsibility of the Board of Trustees. The Trust currently has four Trustees. Three Trustees have no affiliation or business connection with the Adviser or any of its affiliated persons and do not own any stock or other securities issued by the Adviser. These are the “non-interested” or “independent” Trustees (“Independent Trustees”). The other Trustee (the “Interested Trustee”) is affiliated with the Adviser.

The Independent Trustees of the Trust, their term of office and length of time served, their principal business occupations during the past five years, the number of portfolios in the Fund Complex overseen by each Independent Trustee, and other directorships, if any, held by the Trustee are shown below.

Independent Trustees

** This is the period for which the Officer began serving the Trust. Each Officer serves an indefinite term, until his/her successor is elected.

Additional Information About the Trustees' Qualifications and Experience

The following is a brief discussion of the specific education, experience, qualifications, or skills that led to the conclusion, as of the date of this SAI, that each person identified below should serve as a Trustee for the Trust.

Mary K. Anstine

Ms. Anstine has been an Independent Trustee of the Trust since March 25, 2008. Currently retired, Ms. Anstine has over 30 years of financial services experience. Most recently, she was President and CEO of HealthONE Alliance, Denver, Colorado from 1994 through 2004. From 1964 to 1994, Ms. Anstine held positions leading up to Executive Vice President of First Interstate Bank. She was selected to serve as a Trustee of the Trust based on her business and financial services experience.

Jeremy W. Deems

Mr. Deems has been an Independent Trustee of the Trust since March 25, 2008. In 2007, Mr. Deems co-founded Green Alpha Advisors, LLC, a registered investment adviser, for which he currently serves as Co-Founder and Chief Financial Officer. Prior to co-founding Green Alpha Advisors, Mr. Deems was

CFO and Treasurer of Forward Management, LLC, investment advisor to the Forward Mutual Funds, ReFlow Management Co., LLC, ReFlow Fund, LLC, a private investment fund, and Sutton Place Management, LLC, an administrative services company, from 1998 to June 2007. Mr. Deems received a B.S. and a MBA in finance from Saint Mary's College of California and is a licensed Certified Public Accountant and a member of the American Institute of Certified Public Accountants. He was selected to serve as a Trustee of the Trust based on his business, financial services, accounting and investment management experience.

Rick A. Pederson

Mr. Pederson has been an Independent Trustee of the Trust since March 25, 2008. He currently serves as President of Foundation Properties, Inc., a real estate investment manager, and is an Advisory Board member at Bow River Capital Partners, a private equity investment management firm. Mr. Pederson is also Advisor of the Pauls Corporation, a real estate investment management and development company, an Advisory Board member at Neenan Co., a construction services company, a Board Member of Prosci Inc., a private business services company, a Board Member of Citywide Banks, a community bank, a Board member of Professional Pediatric Health Care, a home nursing services firm, and a Director of two not-for-profit organizations, the National Western Stock Show and Biennial of the Americas. He has previously served as Chairman of Ross Consulting Group, a real estate consulting service. He was selected to serve as a Trustee of the Trust based on his business and financial services experience.

Thomas A. Carter

Mr. Carter has been an Interested Trustee and Chairman of the Trust since March 25, 2008. Mr. Carter joined ALPS Fund Services, Inc., the Funds' administrator, in 1994 and currently serves as President of ALPS Portfolio Solutions Distributor, Inc., the Funds' principal underwriter, and ALPS Advisors, Inc., the Funds' investment adviser. Before joining ALPS, Mr. Carter was with Deloitte & Touche LLP, where he worked with a diverse group of clients, primarily within the financial services industry. Mr. Carter is a Certified Public Accountant and received his Bachelor of Science in Accounting from the University of Colorado at Boulder. He was selected to serve as a Trustee of the Trust based on his business, accounting, financial services and investment management experience.

Leadership Structure and Oversight Responsibilities

Overall responsibility for oversight of the Fund rests with the Trustees. The Trust has engaged the Adviser to manage the Fund on a day-to-day basis. The Board is responsible for overseeing the Adviser and other service providers in the operations of the Fund in accordance with the provisions of the 1940 Act, applicable provisions of state and other laws and the Trust's charter. The Board is currently composed of four members, three of whom are Independent Trustees. The Board meets at regularly scheduled quarterly meetings each year. In addition, the Board may hold special in-person or telephonic meetings or informal conference calls to discuss specific matters that may arise or require action between regular meetings. As described below, the Board has established a Nominating and Governance Committee and an Audit Committee, and may establish ad hoc committees or working groups from time to time, to assist the Board in fulfilling its oversight responsibilities.

The Board has appointed Thomas A. Carter, an Interested Trustee, to serve in the role of Chairman. The Chairman's role is to preside at all meetings of the Board and to act as a liaison with the Adviser, other service providers, counsel and other Trustees generally between meetings. The Chairman and may also perform such other functions as may be delegated by the Board from time to time. The Board has determined not to appoint a lead independent trustee. The Board reviews matters related to its leadership structure annually. The Board has determined that the Board's leadership structure is appropriate given

the Trust's characteristics and circumstances. These include the Trust's multiple series of fund shares, each fund's single portfolio of assets, each fund's net assets and the services provided by the funds' service providers.

Risk oversight forms part of the Board's general oversight of the Fund and is addressed as part of various Board and Committee activities. As part of its regular oversight of the Fund, the Board, directly or through either Committee, interacts with and reviews reports from, among others, Fund management, the Adviser, the Fund's Chief Compliance Officer, the Fund's legal counsel and the independent registered public accounting firm for the Fund regarding risks faced by the Fund. The Board, with the assistance of Fund management and the Adviser, reviews investment policies and risks in connection with its review of the Fund's performance. The Board has appointed a Chief Compliance Officer who oversees the implementation and testing of the Fund's compliance program and reports to the Board regarding compliance matters for the Fund and its principal service providers. In addition, as part of the Board's periodic review of the Fund's advisory and other service provider agreements, the Board may consider risk management aspects of these service providers' operations and the functions for which they are responsible.

None of the Independent Trustees own securities in the Adviser or the Distributor, nor do they own securities in any entity directly controlling, controlled by, or under common control with the Adviser or the Distributor.

Audit Committee. The Board has an Audit Committee which considers such matters pertaining to the Trust's books of account, financial records, internal accounting controls and changes in accounting principles or practices as the Trustees may from time to time determine. The Audit Committee also considers the engagement and compensation of the independent registered public accounting firm ("Firm") and ensures receipt from the Firm of a formal written statement delineating relationships between the Firm and the Trust, consistent with Public Company Accounting Oversight Board Rule 3526. The Audit Committee also meets privately with the representatives of the Firm to review the scope and results of audits and other duties as set forth in the Audit Committee's Charter. The Audit Committee members, each of whom are Independent Trustees are: Ms. Anstine and Messrs. Deems (Chairman) and Pederson. The Audit Committee met twice during the fiscal year ended November 30, 2014.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee meets periodically to advise and assist the Board in selecting nominees to serve as trustees of the Trust. The Nominating and Corporate Governance Committee believes the Board generally benefits from diversity of background, experience and views among its members, and considers this a factor in evaluating the composition of the Board, but has not adopted any specific policy in this regard. The Nominating and Corporate Governance Committee also advises and assists the Board in establishing, implementing and executing policies, procedures and practices that assure orderly and effective governance of the Trust and effective and efficient management of all business and financial affairs of the Trust. Members of the Nominating and Corporate Governance Committee are currently: Ms. Anstine (Chairman) and Messrs. Deems and Pederson. The Nominating and Corporate Governance Committee of the Board met once during the fiscal year ended November 30, 2014.

Shareholder Nominations. The Board will consider shareholder nominees for Trustees. All nominees must possess the appropriate characteristics, skills and experience for serving on the Board. In particular, the Board and its Independent Trustees will consider each nominee's integrity, educational, professional background, understanding of the Trust's business on a technical level and commitment to devote the time and attention necessary to fulfill a Trustee's duties. All shareholders who wish to recommend nominees for consideration as Trustees shall submit the names and qualifications of the candidates to the

Secretary of the Trust by writing to: ALPS ETF Trust, 1290 Broadway, Suite 1100, Denver, Colorado, 80203.

As of December 31, 2014, the dollar range of equity securities in the Fund beneficially owned by the Interested Trustee were as follows:

Name of Trustee	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Equity Securities in All Registered Investment Companies Overseen By Trustee in Family of Investment Companies
Thomas A. Carter	None	\$50,001-\$100,000

As of December 31, 2014, the dollar range of equity securities in the Fund beneficially owned by Independent Trustees were as follows:

Name of Trustee	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Equity Securities in All Registered Investment Companies Overseen By Trustee in Family of Investment Companies
Mark K. Anstine	None	None
Jeremy W. Deems	None	None
Rick Pederson	None	None

Remuneration of Trustees and Officers.

Each Independent Trustee receives (1) a quarterly retainer of \$5,000, (2) a per meeting fee of \$3,750, (3) \$1,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. The following chart provides certain information about the Trustee fees paid by the Trust for the fiscal year ended November 30, 2014:

	Aggregate Compensation From the Trust	Pension Or Retirement Benefits Accrued As Part of Portfolio Expenses	Estimated Annual Benefits Upon Retirement	Aggregate Compensation From The Trust And Fund Complex Paid To Trustees⁽¹⁾
Mary K. Anstine, Trustee	\$39,500	\$0	\$0	\$115,000
Jeremy W. Deems, Trustee	\$39,500	\$0	\$0	\$115,000
Rick A. Pederson, Trustee	\$35,750	\$0	\$0	\$60,750

-
- (1) The Fund Complex includes all series of the Trust and any other investment companies for which ALPS Advisors, Inc. provides investment advisory services.

Officers who are employed by the Adviser receive no compensation or expense reimbursements from the Trust.

Adviser. The Fund is managed by the Adviser. The Adviser, a wholly owned subsidiary of ALPS Holdings, Inc. (“ALPS Holdings”), subject to the authority of the Board, is responsible for the overall management and administration of the Fund’s business affairs. The Adviser commenced business operations in December 2006 upon the acquisition of an existing investment advisory operation and is registered with the SEC as an investment adviser. The Adviser’s principal address is 1290 Broadway, Suite 1100, Denver, CO 80203. The Adviser is an affiliate of ALPS Fund Services, Inc., who serves as the Funds’ administrator, and ALPS Portfolio Solutions Distributor, Inc., who serves as Distributor to the Funds.

Located in Denver, Colorado, ALPS Holdings, a wholly owned subsidiary of DST Systems, Inc., was founded in 2005 and assumed the business of ALPS Financial Services, which was founded in 1985 as a provider of fund administration and fund distribution services. Since then, ALPS Holdings has added additional services, including fund accounting, transfer agency, shareholder services, active distribution, legal, tax and compliance services. As of December 31, 2014, ALPS Advisors, Inc. manages over \$15.3 billion in assets.

Investment Advisory Agreement. Pursuant to an Investment Advisory Agreement between the Adviser and the Trust, the Adviser is responsible for all expenses of the Fund, including the cost of transfer agency, custody, fund administration, legal, audit and other services, except interest expenses, distribution fees or expenses, brokerage expenses, taxes, and extraordinary expenses such as litigation and other expenses not incurred in the ordinary course of the Fund’s business. For the Adviser’s services to the Fund, the Fund has agreed to pay an annual management fee equal to a 0.57% of its average daily net assets.

Under the Investment Advisory Agreement, the Adviser will not be liable for any error of judgment or mistake of law or for any loss suffered by the Fund in connection with the performance of the Investment Advisory Agreement, except a loss resulting from willful misfeasance, bad faith or gross negligence on the part of the Adviser in the performance of its duties or from reckless disregard of its duties and obligations thereunder. The initial term of the Investment Advisory Agreement is two years and continues thereafter only if approved annually by the Board, including a majority of the Independent Trustees. The Investment Advisory Agreement terminates automatically upon assignment and is terminable at any time without penalty as to the Fund by the Board, including a majority of the Independent Trustees, or by vote of the holders of a majority of that Fund’s outstanding voting securities on 60 days written notice to the Adviser, or by the Adviser on 60 days written notice to the Fund.

ALPS Advisors, Inc. is located at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Other Accounts Managed by the Portfolio Manager; Compensation of the Portfolio Managers.

Information regarding the other accounts managed by the portfolio managers as of December 31, 2014, is set forth below:

Name of Portfolio Manager	Accounts Managed			Accounts With Respect to Which the Advisory Fee is based on the Performance of the Account	
	Category of Account	Number of Accounts in Category	Total Assets in Accounts in Category	Number of Accounts in Category	Total Assets in Accounts in Category
Michael Akins	Registered Investment Companies	18	\$11.38 billion	0	N/A
	Other Pooled investment vehicles	0	N/A	0	N/A
	Other Accounts	0	N/A	0	N/A
Ryan Mischker*	Registered Investment Companies	0	N/A	0	N/A
	Other Pooled investment vehicles	0	N/A	0	N/A
	Other Accounts	0	N/A	0	N/A

*Mr. Mischker's Other Accounts Managed information is as of March 11, 2015.

Portfolio Manager Compensation Structure Disclosure.

The Adviser is responsible for the day-to-day management of the Fund. The Portfolio manager who is responsible for the day-to-day management of the Fund is paid a base salary, and bonus compensation based on revenue generated on the index management portion of the Adviser's fee.

Securities Ownership of the Portfolio Manager. Because the Fund is newly organized, the portfolio manager does not own shares of the Fund.

Administrator. ALPS Fund Services, Inc. ("ALPS Fund Services") serves as the Trust's administrator. Pursuant to an administration agreement, ALPS Fund Services provides certain administrative, bookkeeping and accounting services to the Trust. For the services, ALPS Fund Services receives a fee, accrued daily and paid monthly by the Adviser from the management fee. ALPS Fund Services is located at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Custodian and Transfer Agent. The Bank of New York Mellon (“BNY”) also serves as custodian for the Fund pursuant to a Custodian Agreement. As custodian, BNY holds the Fund’s assets, calculates the NAV of Shares and calculates net income and realized capital gains or losses. BNY also serves as transfer agent of the Fund pursuant to a Transfer Agency Agreement. As compensation for the foregoing services, BNY receives certain out-of-pocket costs, transaction fees and asset-based fees which are accrued daily and paid monthly by the Adviser from the management fee.

Distributor. ALPS Portfolio Solutions Distributor, Inc. is the distributor of the Fund’s Shares. Its principal address is 1290 Broadway, Suite 1100, Denver, Colorado 80203. The Distributor has entered into a Distribution Agreement with the Trust pursuant to which it distributes Fund Shares. Shares are continuously offered for sale by the Fund through the Distributor only in Creation Unit Aggregations, as described in the Prospectus and below under the heading “Creation and Redemption of Creation Units.”

Aggregations. Fund Shares in less than Creation Unit Aggregations are not distributed by the Distributor. The Distributor will deliver the Prospectus and, upon request, this SAI to persons purchasing Creation Unit Aggregations and will maintain records of both orders placed with it and confirmations of acceptance furnished by it. The Distributor is a broker-dealer registered under the Securities Exchange Act of 1934 (the “Exchange Act”) and a member of the Financial Industry Regulatory Authority (“FINRA”).

The Distribution Agreement for the Fund provides that it may be terminated as to the Fund at any time, without the payment of any penalty, on at least 60 days written notice by the Trust to the Distributor (i) by vote of a majority of the Independent Trustees or (ii) by vote of a majority of the outstanding voting securities (as defined in the 1940 Act) of the Fund. The Distribution Agreement will terminate automatically in the event of its assignment (as defined in the 1940 Act).

The Distributor may also enter into agreements with securities dealers (“Soliciting Dealers”) who will solicit purchases of Creation Unit Aggregations of Fund Shares. Such Soliciting Dealers may also be Participating Parties (as defined in “Procedures for Creation of Creation Unit Aggregations” below) and DTC Participants of the Depository Trust Company (the “DTC”) (as defined in “DTC Acts as Securities Depository” below).

Index Provider. Zacks Index Services (the “Index Provider”) is the index provider for the Fund. Zacks Index Services, a division of Zacks Investment Management (“ZIM”), creates and maintains proprietary, quantitative portfolio strategies that are licensed to product sponsors and serve as the basis of investment products such as ETFs, unit investment trusts and closed-end funds. ZIM, a wealth management boutique, is a leading expert on earnings and using earnings estimates in the investment process. ZIM is a wholly owned subsidiary of Zacks Investment Research, one of the largest providers of independent research in the U.S. The Index Provider created the Underlying Index to provide a means of tracking the performance of gold and silver mining companies whose stocks are traded on major U.S. exchanges.

The Index Provider has entered into a license agreement with Sprott Asset Management LP (“Sprott”) (the “Sprott License Agreement”) to use the “Sprott” name and certain related intellectual property in connection with the Underlying Index. Sprott is an alternative investment manager that specializes in precious metals and natural resource investing. Headquartered in Toronto, Canada, the mining finance center of the world, Sprott manages several billion dollars in precious metals investments, including the Sprott Physical Bullion Trusts, which trade on the NYSE Arca. Pursuant to the Sprott License Agreement, Sprott in turn has entered into a sublicense agreement with the Adviser (the “Sublicense Agreement”) to use the Underlying Index. Pursuant to the Sublicense Agreement, the use of the Underlying Index by the Adviser and the Fund is subject to the terms of the Sprott License Agreement,

which impose certain limitations and conditions on the Fund's ability to use the Underlying Index. The Adviser pays licensing fees to the Index Provider from the Adviser's management fees or other resources.

The Index Provider uses a rules-based methodology (the "Index Methodology") to construct and maintain the Underlying Index. The Underlying Index and the Index Methodology, including a list of the component securities of the Underlying Index, can be found on the Fund's website at www.alpsfunds.com.

LICENSE AGREEMENT AND DISCLAIMERS

The information contained herein regarding the Underlying Index was provided by the Index Provider.

Zacks Index Services is the designer of the construction and methodology for the Underlying Index. "Zacks Index Services, a division of Zacks Investment Management" and "Zacks" are service marks or trademarks of Zacks Index Services. "Sprott" is a service mark or trademark of Sprott. Zacks Index Services and Sprott act as brand licensor for the Underlying Index. Neither Zacks Index Services nor Sprott are responsible for the descriptions of the Underlying Index or the Fund that appear herein. Zacks Index Services and Sprott are not affiliated with the Trust, the Adviser or the Distributor.

This Product(s) is not sponsored, endorsed, sold or promoted by ZACKS INVESTMENT MANAGEMENT, INC. ("Licensor"). Licensor makes no representation or warranty, express or implied, regarding the advisability of investing in securities generally on in the Product(s) particularly or the ability of the Index to track general market performance. Licensor's only relationship to the Licensee is the licensing of the Index which is determined and composed by Licensor without regard to the Licensee or the Product(s). Licensor has no obligation to take the needs of the Licensee or the owners of the Product(s) into consideration in determining or composing the Index. Licensor shall not be liable to any person for any error in the Index nor shall it be under any obligation to advise any person of any error therein.

The Fund is not sponsored by Sprott. Sprott makes no representation or warranty, express or implied, to the owners of the Fund or any member of the public regarding the advisability of investing in securities or commodities generally or in the Fund particularly and does not guarantee the quality, accuracy or completeness of the Underlying Index or any Underlying Index data included herein or derived therefrom and assume no liability in connection with their use. The Underlying Index is determined and composed without regard to the Adviser or the Fund. Sprott has no obligation to take the needs of the Adviser, the Fund or the shareholders of the Fund into consideration in connection with the foregoing. Sprott is not responsible for and has not participated in the determination of pricing or the timing of the issuance or sale of the Shares of the Fund or in the determination or calculation of the NAV of the Fund. Sprott has no obligation or liability in connection with the administration or trading of the Fund.

Sprott does not guarantee the accuracy and/or completeness of the Underlying Index or any data included therein, and Sprott shall have no liability for any errors, omissions, or interruptions therein. Sprott makes no warranty, express or implied, as to results to be obtained by the Adviser, the Fund, Fund shareholders or any other person or entity from the use of the Underlying Index or any data included therein. Sprott makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall Sprott have any liability for any special, punitive, indirect, or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index, even if notified of the possibility of such damages.

The Adviser does not guarantee the accuracy and/or the completeness of the Underlying Index or any data included therein, and the Adviser shall have no liability for any errors, omissions or interruptions therein. The Adviser makes no warranty, express or implied, as to results to be obtained by the Fund, owners of the Shares of the Fund or any other person or entity from the use of the Underlying Index or any data included therein. The Adviser makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall the Adviser have any liability for any special, punitive, direct, indirect, or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index, even if notified of the possibility of such damages.

BROKERAGE TRANSACTIONS

The policy of the Trust regarding purchases and sales of securities is that primary consideration will be given to obtaining the most favorable prices and efficient executions of transactions. Consistent with this policy, when securities transactions are effected on a stock exchange, the Trust's policy is to pay commissions that are considered fair and reasonable without necessarily determining that the lowest possible commissions are paid in all circumstances. In seeking to determine the reasonableness of brokerage commissions paid in any transaction, the Adviser relies upon its experience and knowledge regarding commissions generally charged by various brokers. The sale of Fund Shares by a broker-dealer is not a factor in the selection of broker-dealers.

In seeking to implement the Trust's policies, the Adviser effects transactions with those brokers and dealers that the Adviser believes provide the most favorable prices and are capable of providing efficient executions. The Adviser and its affiliates do not currently participate in soft dollar transactions.

The Adviser assumes general supervision over placing orders on behalf of the Fund for the purchase or sale of portfolio securities. If purchases or sales of portfolio securities by the Fund and one or more other investment companies or clients supervised by the Adviser are considered at or about the same time, transactions in such securities may be allocated among the Fund, the several investment companies and clients in a manner deemed equitable to all by the Adviser. In some cases, this procedure could have a detrimental effect on the price or volume of the security as far as the Fund is concerned. However, in other cases, it is possible that the ability to participate in volume transactions and to negotiate lower brokerage commissions will be beneficial to the Fund. The primary consideration is prompt execution of orders at the most favorable net price.

ADDITIONAL INFORMATION CONCERNING THE TRUST

The Trust is an open-end management investment company registered under the 1940 Act. The Trust was organized as a Delaware statutory trust on September 13, 2007.

The Trust is authorized to issue an unlimited number of shares in one or more series or "funds." The Trust currently is comprised of 18 funds. The Board of Trustees of the Trust has the right to establish additional series in the future, to determine the preferences, voting powers, rights and privileges thereof and to modify such preferences, voting powers, rights and privileges without shareholder approval.

Each Share issued by the Fund has a pro rata interest in the assets of the Fund. Fund Shares have no preemptive, exchange, subscription or conversion rights and are freely transferable. Each Share is entitled to participate equally in dividends and distributions declared by the Board with respect to the Fund, and in the net distributable assets of the Fund on liquidation.

Each Share has one vote with respect to matters upon which a shareholder vote is required consistent with the requirements of the 1940 Act and the rules promulgated thereunder. Shares of all funds, including the Fund, of the Trust vote together as a single class except as otherwise required by the 1940 Act, or if the matter being voted on affects only a particular fund, and, if a matter affects a particular fund differently from other funds, the shares of that fund will vote separately on such matter.

The Declaration of Trust may, except in limited circumstances, be amended or supplemented by the Trustees without shareholder vote. The holders of Fund shares are required to disclose information on direct or indirect ownership of Fund shares as may be required to comply with various laws applicable to the Fund, and ownership of Fund shares may be disclosed by the Fund if so required by law or regulation.

The Trust is not required and does not intend to hold annual meetings of shareholders. Shareholders owning more than 51% of the outstanding shares of the Trust have the right to call a special meeting to remove one or more Trustees or for any other purpose.

The Trust does not have information concerning the beneficial ownership of Shares held by DTC Participants (as defined below).

Shareholders may make inquiries by writing to the Trust, c/o the Distributor, 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Control Persons. As of the date of this SAI, no entity owns of record 5% or more of the outstanding Shares of the Fund.

Book Entry Only System. The following information supplements and should be read in conjunction with the section in the Prospectus entitled “Book Entry.”

DTC Acts as Securities Depository for Fund Shares. Shares of the Fund are represented by securities registered in the name of DTC or its nominee and deposited with, or on behalf of, DTC.

DTC, a limited-purpose trust company, was created to hold securities of its participants (the “DTC Participants”) and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC Participants and by the NYSE Arca and FINRA. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the “Indirect Participants”).

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to herein as “Beneficial Owners”) is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase and sale of Shares.

Conveyance of all notices, statements and other communications to Beneficial Owners is effected as follows. Pursuant to the Depository Agreement between the Trust and DTC, DTC is required to make available to the Trust upon request and for a fee to be charged to the Trust a listing of the Shares of the

Fund held by each DTC Participant. The Trust shall inquire of each such DTC Participant as to the number of Beneficial Owners holding Shares, directly or indirectly, through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement or other communication, in such form, number and at such place as such DTC Participant may reasonably request, in order that such notice, statement or communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Fund distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Fund Shares. DTC or its nominee, upon receipt of any such distributions, shall immediately credit DTC Participants' accounts with payments in amounts proportionate to their respective beneficial interests in Shares of the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a "street name," and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interests in such Shares, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants.

DTC may decide to discontinue providing its service with respect to Shares at any time by giving reasonable notice to the Trust and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Trust shall take action to find a replacement for DTC to perform its functions at a comparable cost.

Proxy Voting. The Board has delegated responsibility for decisions regarding proxy voting for securities held by the Fund to the Adviser. The Adviser will vote such proxies in accordance with its proxy policies and procedures, which are included in Appendix A of this SAI. The Board will periodically review the Fund's proxy voting record.

The Trust is required to disclose annually the Fund's complete proxy voting record on Form N-PX covering the period July 1 through June 30 and file it with the SEC no later than August 31. Form N-PX for the Fund also will be available at no charge upon request by calling 855.215.1425 or by writing to ALPS ETF Trust at 1290 Broadway, Suite 1100, Denver, Colorado 80203. The Fund's Form N-PX will also be available on the SEC's website at www.sec.gov.

Quarterly Portfolio Schedule. The Trust is required to disclose, after its first and third fiscal quarters, the complete schedule of the Fund's portfolio holdings with the SEC on Form N-Q. The Trust will also disclose a complete schedule of the Fund's portfolio holdings with the SEC on Form N-CSR after its second and fourth quarters. Form N-Q and Form N-CSR for the Fund will be available on the SEC's website at <http://www.sec.gov>. The Fund's Form N-Q and Form N-CSR may also be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. and information on the operation of the Public Reference Room may be obtained by calling 1-202-551-5850. The Fund's Form N-Q and Form N-CSR will be available without charge, upon request, by calling 855.215.1425 or by writing to ALPS ETF Trust at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Portfolio Holdings Policy. The Trust has adopted a policy regarding the disclosure of information about the Trust's portfolio holdings. The Fund and its service providers may not receive compensation or any other consideration (which includes any agreement to maintain assets in the Fund or in other investment companies or accounts managed by the Adviser or any affiliated person of the Adviser) in connection with the disclosure of portfolio holdings information of the Fund. The Trust's policy is implemented and overseen by the Chief Compliance Officer of the Fund, subject to the oversight of the Board. Periodic reports regarding these procedures will be provided to the Board. The Board must approve all material amendments to this policy. The Fund's complete portfolio holdings are publicly disseminated each day the Fund is open for business through financial reporting and news services, including publicly accessible Internet web sites. In addition, a basket composition file, which includes the security names and share quantities to deliver in exchange for Fund shares, together with estimates and actual cash components, is publicly disseminated daily prior to the opening of the NYSE Arca via the National Securities Clearing Corporation ("NSCC"). The basket represents one Creation Unit of the Fund. The Trust, the Adviser and the Distributor will not disseminate non-public information concerning the Trust.

Codes of Ethics. Pursuant to Rule 17j-1 under the 1940 Act, the Board has adopted a Code of Ethics for the Trust and approved Codes of Ethics adopted by the Adviser and the Distributor (collectively the "Codes"). The Codes are intended to ensure that the interests of shareholders and other clients are placed ahead of any personal interest, that no undue personal benefit is obtained from the person's employment activities and that actual and potential conflicts of interest are avoided.

The Codes apply to the personal investing activities of Trustees and officers of the Trust, the Adviser and the Distributor ("Access Persons"). Rule 17j-1 and the Codes are designed to prevent unlawful practices in connection with the purchase or sale of securities by Access Persons. Under the Codes, Access Persons are permitted to engage in personal securities transactions, but are required to report their personal securities transactions for monitoring purposes. The Codes permit personnel subject to the Codes to invest in securities subject to certain limitations, including securities that may be purchased or held by the Fund. In addition, certain Access Persons are required to obtain approval before investing in initial public offerings or private placements. The Codes are on file with the SEC, and are available to the public.

CREATION AND REDEMPTION OF CREATION UNIT AGGREGATIONS

Creation. The Trust issues and sells Shares of the Fund only in Creation Unit Aggregations on a continuous basis through the Distributor, without a sales load, at its NAV next determined after receipt, on any Business Day (as defined below), of an order in proper form.

A "Business Day" is any day on which the NYSE is open for business. As of the date of this SAI, the NYSE observes the following holidays: New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Deposit of Securities and Deposit or Delivery of Cash. The consideration for purchase of Creation Unit Aggregations of the Fund generally consists of the in-kind deposit of a designated portfolio of securities — the "Deposit Securities" — per each Creation Unit Aggregation constituting a substantial replication of the securities included in the Underlying Index ("Fund Securities") and an amount of cash — the "Cash Component" — computed as described below. Together, the Deposit Securities and the Cash Component constitute the "Fund Deposit," which represents the minimum initial and subsequent investment amount for a Creation Unit Aggregation of the Fund.

The Cash Component is sometimes also referred to as the Balancing Amount. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit Aggregation and the Deposit Amount (as defined below). The Cash Component is an amount equal to the difference between the NAV of the Fund Shares (per Creation Unit Aggregation) and the “Deposit Amount” - an amount equal to the market value of the Deposit Securities. If the Cash Component is a positive number (i.e., the NAV per Creation Unit Aggregation exceeds the Deposit Amount), the creator will deliver the Cash Component. If the Cash Component is a negative number (i.e., the NAV per Creation Unit Aggregation is less than the Deposit Amount), the creator will receive the Cash Component.

The Custodian, through the National Securities Clearing Corporation (“NSCC”) (discussed below), makes available on each Business Day, prior to the opening of business on the NYSE Arca (currently 9:30 a.m., Eastern time), the list of the names and the required number of shares of each Deposit Security to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund.

Such Fund Deposit is applicable, subject to any adjustments as described below, in order to effect creations of Creation Unit Aggregations of the Fund until such time as the next-announced composition of the Deposit Securities is made available.

The identity and number of shares of the Deposit Securities required for a Fund Deposit for the Fund changes as rebalancing adjustments and corporate action events are reflected within the Fund from time to time by the Adviser with a view to the investment objective of the Fund. The composition of the Deposit Securities may also change in response to adjustments to the weighting or composition of the component stocks of the Underlying Index. In addition, the Trust reserves the right to permit or require the substitution of an amount of cash - i.e., a “cash in lieu” amount - to be added to the Cash Component to replace any Deposit Security that may not be available in sufficient quantity for delivery or that may not be eligible for transfer through the systems of DTC, or which might not be eligible for trading by an Authorized Participant (as defined below) or the investor for which it is acting or other relevant reason. Brokerage commissions incurred in connection with the acquisition of Deposit Securities not eligible for transfer through the systems of DTC and hence not eligible for transfer through the Clearing Process (discussed below) will be at the expense of the Fund and will affect the value of all Shares; but the Adviser, subject to the approval of the Board of Trustees, may adjust the transaction fee within the parameters described above to protect ongoing shareholders. The adjustments described above will reflect changes known to the Adviser on the date of announcement to be in effect by the time of delivery of the Fund Deposit, in the composition of the Underlying Index or resulting from certain corporate actions.

In addition to the list of names and numbers of securities constituting the current Deposit Securities of a Fund Deposit, the Custodian, through the NSCC, also makes available on each Business Day, the estimated Cash Component, effective through and including the previous Business Day, per outstanding Creation Unit Aggregation of the Fund.

Procedures for Creation of Creation Unit Aggregations. To be eligible to place orders with the Distributor and to create a Creation Unit Aggregation of the Fund, an entity must be a DTC Participant (see the Book Entry Only System section) that has executed an agreement with the Distributor, with respect to creations and redemptions of Creation Unit Aggregations (“Participant Agreement”) (discussed below). A DTC Participant that has executed a Participant Agreement is referred to as an “Authorized Participant.” Investors should contact the Distributor for the names of Authorized Participants that have signed a Participant Agreement. All Fund Shares, however created, will be entered on the records of DTC in the name of Cede & Co. for the account of a DTC Participant.

All orders to create Creation Unit Aggregations must be received by the Distributor no later than the closing time of the regular trading session on the NYSE (“Closing Time”) (ordinarily 4:00 p.m., Eastern time) in each case on the date such order is placed in order for creation of Creation Unit Aggregations to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form. In the case of custom orders, the order must be received by the Distributor no later than 3:00 p.m., Eastern time on the trade date. A custom order may be placed by an Authorized Participant in the event that the Trust permits or requires the substitution of an amount of cash to be added to the Cash Component to replace any Deposit Security which may not be available in sufficient quantity for delivery or which may not be eligible for trading by such Authorized Participant or the investor for which it is acting or other relevant reason. The date on which an order to create Creation Unit Aggregations (or an order to redeem Creation Unit Aggregations, as discussed below) is placed is referred to as the “Transmittal Date.” Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Distributor pursuant to procedures set forth in the Participant Agreement, as described below (see the “Placement of Creation Orders” section below). Severe economic or market disruptions or changes, or telephone or other communication failure may impede the ability to reach the Distributor or an Authorized Participant.

All orders from investors who are not Authorized Participants to create Creation Unit Aggregations shall be placed with an Authorized Participant, as applicable, in the form required by such Authorized Participant. In addition, the Authorized Participant may request the investor to make certain representations or enter into agreements with respect to the order, e.g., to provide for payments of cash, when required. Investors should be aware that their particular broker may not have executed a Participant Agreement and that, therefore, orders to create Creation Unit Aggregations of the Fund have to be placed by the investor’s broker through an Authorized Participant that has executed a Participant Agreement. In such cases there may be additional charges to such investor. At any given time, there may be only a limited number of broker-dealers that have executed a Participant Agreement. Those persons placing orders should ascertain the deadlines applicable to DTC and the Federal Reserve Bank wire system by contacting the operations department of the broker or depository institution effectuating such transfer of Deposit Securities and Cash Component.

With respect to investments in non-U.S. securities, the Custodian shall cause the sub-custodian of the Fund to maintain an account into which the Authorized Participant shall deliver, on behalf of itself or the party on whose behalf it is acting, the securities included in the designated Fund Deposit (or the cash value of all or part of such securities, in the case of a permitted or required cash purchase or “cash in lieu” amount), with any appropriate adjustments as advised by the Trust. Deposit Securities must be delivered to an account maintained at the applicable local sub-custodian(s). Orders to purchase Creation Unit Aggregations must be received by the Distributor from an Authorized Participant on its own or another investor’s behalf by the closing time of the regular trading session on the NYSE Arca on the relevant Business Day. However, when a relevant local market is closed due to local market holidays, the local market settlement process will not commence until the end of the local holiday period. Settlement must occur by 2:00 p.m., Eastern time, on the contractual settlement date.

The Authorized Participant must also make available no later than 2:00 p.m., Eastern time, on the contractual settlement date, by means satisfactory to the Trust, immediately-available or same-day funds estimated by the Trust to be sufficient to pay the Cash Component next determined after acceptance of the purchase order, together with the applicable purchase transaction fee. Any excess funds will be returned following settlement of the issue of the Creation Unit Aggregation.

Placement of Creation Orders. Fund Deposits must be delivered through a DTC Participant that has executed a Participant Agreement pre-approved by the Adviser and the Distributor. The Fund Deposit transfer must be ordered by the DTC Participant on the Transmittal Date in a timely fashion so as to

ensure the delivery of the requisite number of Deposit Securities through DTC to the account of the Fund by no later than 11:00 a.m., Eastern time, of the next Business Day immediately following the Transmittal Date.

All questions as to the number of Deposit Securities to be delivered, and the validity, form and eligibility (including time of receipt) for the deposit of any tendered securities, will be determined by the Trust, whose determination shall be final and binding. The amount of cash equal to the Cash Component must be transferred directly to the Custodian through the Federal Reserve Bank wire transfer system in a timely manner so as to be received by the Custodian no later than 2:00 p.m., Eastern time, on the next Business Day immediately following such Transmittal Date. An order to create Creation Unit Aggregations is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than the Closing Time on such Transmittal Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed. However, if the Custodian does not receive both the required Deposit Securities and the Cash Component by 11:00 a.m. and 2:00 p.m., respectively, on the next Business Day immediately following the Transmittal Date, such order will be canceled. Upon written notice to the Distributor, such canceled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current Deposit Securities and Cash Component. The delivery of Creation Unit Aggregations so created will occur no later than the third (3rd) Business Day following the day on which the purchase order is deemed received by the Distributor.

Additional transaction fees may be imposed in the limited circumstances in which any cash can be used in lieu of Deposit Securities to create Creation Units. (See Creation Transaction Fee section below).

Creation Unit Aggregations may be created in advance of receipt by the Trust of all or a portion of the applicable Deposit Securities as described below. In these circumstances, the initial deposit will have a value greater than the NAV of the Fund Shares on the date the order is placed in proper form since, in addition to available Deposit Securities, cash must be deposited in an amount equal to the sum of (i) the Cash Component, plus (ii) 115% of the market value of the undelivered Deposit Securities (the "Additional Cash Deposit"). The order shall be deemed to be received on the Business Day on which the order is placed provided that the order is placed in proper form prior to 4:00 p.m., Eastern time, on such date, and federal funds in the appropriate amount are deposited with the Custodian by 11:00 a.m., Eastern time, the following Business Day. If the order is not placed in proper form by 4:00 p.m. or federal funds in the appropriate amount are not received by 11:00 a.m. the next Business Day, then the order may be deemed to be canceled and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. An additional amount of cash shall be required to be deposited with the Trust, pending delivery of the missing Deposit Securities to the extent necessary to maintain the Additional Cash Deposit with the Trust in an amount at least equal to 115% of the daily marked to market value of the missing Deposit Securities. To the extent that missing Deposit Securities are not received by 1:00 p.m., Eastern time, on the third Business Day following the day on which the purchase order is deemed received by the Distributor or in the event a marked-to-market payment is not made within one Business Day following notification by the Distributor that such a payment is required, the Trust may use the cash on deposit to purchase the missing Deposit Securities. Authorized Participants will be liable to the Trust and the Fund for the costs incurred by the Trust in connection with any such purchases. These costs will be deemed to include the amount by which the actual purchase price of the Deposit Securities exceeds the market value of such Deposit Securities on the day the purchase order was deemed received by the Distributor plus the brokerage and related transaction costs associated with such purchases. The Trust will return any unused portion of the Additional Cash Deposit once all of the missing Deposit Securities have been properly received by the Custodian or purchased by the Trust and deposited into the Trust. In addition, a transaction fee, as described below, will be charged in all cases. The delivery of Creation Unit Aggregations so created will occur no later than the third Business Day following the day on which the purchase order is deemed received by the Distributor.

Acceptance of Orders for Creation Unit Aggregations. The Trust reserves the absolute right to reject a creation order transmitted to it by the Distributor in respect of the Fund if: (i) the order is not in proper form; (ii) the investor(s), upon obtaining the Fund Shares ordered, would own 80% or more of the currently outstanding shares of any Fund; (iii) the Deposit Securities delivered are not as disseminated for that date by the Custodian, as described above; (iv) acceptance of the Deposit Securities would have certain adverse tax consequences to the Fund; (v) acceptance of the Fund Deposit would, in the opinion of counsel, be unlawful; (vi) acceptance of the Fund Deposit would otherwise, in the discretion of the Trust or the Adviser, have an adverse effect on the Trust or the rights of beneficial owners; or (vii) in the event that circumstances outside the control of the Trust, the Custodian, the Distributor and the Adviser make it for all practical purposes impossible to process creation orders. Examples of such circumstances include acts of God; public service or utility problems such as fires, floods, extreme weather conditions and power outages resulting in telephone, telecopy and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Trust, the Adviser, the Distributor, DTC, NSCC, the Custodian or sub-custodian or any other participant in the creation process, and similar extraordinary events. The Distributor shall notify a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of such prospective creator of its rejection of the order of such person. The Trust, the Custodian, any sub-custodian and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Fund Deposits nor shall any of them incur any liability for the failure to give any such notification.

All questions as to the number of shares of each security in the Deposit Securities and the validity, form, eligibility, and acceptance for deposit of any securities to be delivered shall be determined by the Trust, and the Trust's determination shall be final and binding.

Creation Transaction Fee. Investors will be required to pay a fixed creation transaction fee of \$500 payable regardless of the number of creations made each day.

In the case of cash creations or where the Trust permits or requires an Authorized Participant to substitute cash in lieu of depositing a portion of the Deposit Securities, the Authorized Participant may be assessed an additional variable charge to compensate the Fund for the costs associated with purchasing the applicable securities. The Trust may adjust these fees from time to time based upon actual experience. As a result, in order to seek to replicate the in-kind creation order process, the Trust expects to purchase, in the secondary market or otherwise gain exposure to, the portfolio securities that could have been delivered as a result of an in-kind creation order pursuant to local law or market convention, or for other reasons ("Market Purchases"). In such cases where the Trust makes Market Purchases, the Authorized Participant will reimburse the Trust for, among other things, any difference between the market value at which the securities and/or financial instruments were purchased by the Trust and the cash in lieu amount (which amount, at the Investment Adviser's discretion, may be capped), applicable registration fees, brokerage commissions and certain taxes. The Investment Adviser may adjust the transaction fee to the extent the composition of the creation securities changes or cash in lieu is added to the Cash Component to protect ongoing shareholders. Investors are responsible for the costs of transferring the securities constituting the Deposit Securities to the account of the Trust.

Redemption of Fund Shares in Creation Unit Aggregations. Fund Shares may be redeemed only in Creation Unit Aggregations at its NAV next determined after receipt of a redemption request in proper form by the Fund through the Transfer Agent and only on a Business Day. The Fund will not redeem Shares in amounts less than Creation Unit Aggregations. Beneficial owners must accumulate enough Shares in the secondary market to constitute a Creation Unit Aggregation in order to have such Shares redeemed by the Trust. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit Aggregation. Investors should

expect to incur brokerage and other costs in connection with assembling a sufficient number of Fund Shares to constitute a redeemable Creation Unit Aggregation.

An Authorized Participant submitting a redemption request thereby represents to the Trust that it (or its client) (i) owns outright or has full legal authority and legal beneficial right to tender for redemption the requisite number of Shares to be redeemed and can receive the entire proceeds of the redemption, and (ii) the Shares to be redeemed have not been loaned or pledged to another party nor are they the subject of a repurchase agreement, securities lending agreement or such other arrangement which would preclude the delivery of such Shares to the Trust. The Trust reserves the right to verify these representations at its discretion, but will typically require verification with respect to a redemption request from a Fund in connection with higher levels of redemption activity and/or short interest in the Fund. If the Authorized Participant, upon receipt of a verification request, does not provide sufficient verification of its representations as determined by the Trust, the redemption request will not be considered to have been received in proper form and may be rejected by the Trust.

With respect to the Fund, the Custodian, through the NSCC, makes available prior to the opening of business on the NYSE Arca (currently 9:30 a.m., Eastern time) on each Business Day, the identity of the Fund Securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as described below) on that day. Fund Securities received on redemption may not be identical to Deposit Securities that are applicable to creations of Creation Unit Aggregations.

Unless cash redemptions (or partial cash redemptions) are available or specified for the Fund, the redemption proceeds for a Creation Unit Aggregation generally consist of Fund Securities - as announced on the Business Day of the request for redemption received in proper form - plus or minus cash in an amount equal to the difference between the NAV of the Fund Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the "Cash Redemption Amount"), less a redemption transaction fee as listed below. In the event that the Fund Securities have a value greater than the NAV of the Fund Shares, a compensating cash payment equal to the difference is required to be made by or through an Authorized Participant by the redeeming shareholder.

The right of redemption may be suspended or the date of payment postponed (i) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the NYSE is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Shares of the Fund or determination of the Fund's NAV is not reasonably practicable; or (iv) in such other circumstances as is permitted by the SEC.

Redemption Transaction Fee. A redemption transaction fee is imposed to offset transfer and other transaction costs that may be incurred by the Fund. An additional variable charge for cash redemptions (when cash redemptions are available or specified) for the Fund may be imposed to compensate the Fund for the costs associated with selling the applicable securities. The Fund may adjust these fees from time to time based on actual experience. As a result, in order to seek to replicate the in-kind redemption order process, the Fund expects to sell, in the secondary market, the portfolio securities that will not be delivered as part of an in-kind redemption order ("Market Sales"). In such cases where the Fund makes Market Sales, the Authorized Participant will reimburse the Fund for, among other things, any difference between the market value at which the securities were sold by the Fund and the cash in lieu amount (which amount, at the Adviser's discretion, may be capped), applicable registration fees, brokerage commissions and taxes. To the extent applicable, brokerage commissions incurred in connection with the Fund's sale of portfolio securities will be at the expense of the Fund and will affect the value of all Shares of the Fund; but the Adviser may adjust the transaction fee to the extent the composition of the redemption securities changes or cash in lieu is added to the Cash Redemption Amount to protect ongoing

shareholders. Investors who use the services of a broker or other such intermediary may be charged a fee for such services. The standard redemption transaction fees for the Fund otherwise are the same as the standard creation fees set forth above. In no event will the redemption transaction fee exceed 2% of the amount redeemed. Investors will also bear the costs of transferring the Fund Securities from the Trust to their account or on their order.

Placement of Redemption Orders. Orders to redeem Creation Unit Aggregations must be delivered through a DTC Participant that has executed the Participant Agreement. An order to redeem Creation Unit Aggregations is deemed received by the Trust on the Transmittal Date if (i) such order is received by the Transfer Agent not later than 4:00 p.m., Eastern time on such Transmittal Date; (ii) such order is accompanied or followed by the requisite number of Shares of the Fund, which delivery must be made through DTC to the Custodian no later than 11:00 a.m., Eastern time (for the Fund Shares), on the next Business Day immediately following such Transmittal Date (the “DTC Cut-Off-Time”) and 2:00 p.m., Eastern Time for any Cash Component, if any owed to the Fund; and (iii) all other procedures set forth in the Participant Agreement are properly followed. After the Trust has deemed an order for redemption outside the Clearing Process received, the Trust will initiate procedures to transfer the requisite Fund Securities which are expected to be delivered within three Business Days and the Cash Redemption Amount, if any owed to the redeeming Beneficial Owner to the Authorized Participant on behalf of the redeeming Beneficial Owner by the third Business Day following the Transmittal Date on which such redemption order is deemed received by the Trust. However, due to the schedule of holidays in certain countries, the delivery of in-kind redemption proceeds may take longer than three Business Days after the day on which the redemption request is received in proper form. In such cases, the local market settlement procedures will not commence until the end of the local holiday periods. See below for a list of the local holidays in the foreign countries relevant to the Fund. In addition, in connection with taking delivery of shares of Fund Securities upon redemption of shares of the Fund, a redeeming Beneficial Owner, or Authorized Participant action on behalf of such Beneficial Owner must maintain appropriate security arrangements with a qualified broker-dealer, bank or other custody provider in each jurisdiction in which any of the Fund Securities are customarily traded, to which account such Fund Securities will be delivered.

The calculation of the value of the Fund Securities and the Cash Redemption Amount to be delivered/received upon redemption will be made by the Custodian according to the procedures set forth under Determination of NAV computed on the Business Day on which a redemption order is deemed received by the Trust. Therefore, if a redemption order in proper form is submitted to the Transfer Agent by a DTC Participant not later than Closing Time on the Transmittal Date, and the requisite number of Shares of the Fund are delivered to the Custodian prior to the DTC Cut-Off-Time, then the value of the Fund Securities and the Cash Redemption Amount to be delivered/received will be determined by the Custodian on such Transmittal Date. If, however, either (i) the requisite number of Shares of the relevant Fund are not delivered by the DTC Cut-Off-Time, as described above, or (ii) the redemption order is not submitted in proper form, then the redemption order will not be deemed received as of the Transmittal Date. In such case, the value of the Fund Securities and the Cash Redemption Amount to be delivered/received will be computed on the Business Day following the Transmittal Date provided that the Fund Shares of the relevant Fund are delivered through DTC to the Custodian by 11:00 a.m. the following Business Day pursuant to a properly submitted redemption order.

If it is not possible to effect deliveries of the Fund Securities, the Trust may in its discretion exercise its option to redeem such Fund Shares in cash, and the redeeming Beneficial Owner will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash that the Fund may, in its sole discretion, permit. In either case, the investor will receive a cash payment equal to the NAV of its Fund Shares based on the NAV of Shares of the relevant Fund next determined after the redemption request is received in proper form (minus a redemption transaction fee and additional charge

for requested cash redemptions specified above, to offset the Fund's brokerage and other transaction costs associated with the disposition of Fund Securities). The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities that differs from the exact composition of the Fund Securities, or cash in lieu of some securities added to the Cash Component, but in no event will the total value of the securities delivered and the cash transmitted differ from the NAV. Redemptions of Fund Shares for Fund Securities will be subject to compliance with applicable federal and state securities laws and the Fund (whether or not it otherwise permits cash redemptions) reserves the right to redeem Creation Unit Aggregations for cash to the extent that the Trust could not lawfully deliver specific Fund Securities upon redemptions or could not do so without first registering the Fund Securities under such laws. An Authorized Participant or an investor for which it is acting subject to a legal restriction with respect to a particular security included in the Fund Securities applicable to the redemption of a Creation Unit Aggregation may be paid an equivalent amount of cash. The Authorized Participant may request the redeeming Beneficial Owner of the Fund Shares to complete an order form or to enter into agreements with respect to such matters as compensating cash payment, beneficial ownership of shares or delivery instructions.

Because the portfolio securities of the Fund may trade on the relevant exchange(s) on days that the NYSE Arca is closed or are otherwise not Business Days for the Fund, shareholders may not be able to redeem their shares of the Fund, or to purchase and sell shares of the Fund on the NYSE Arca, on days when the NAV of the Fund could be significantly affected by events in the relevant foreign markets.

Regular Holidays. The Fund generally intends to effect deliveries of Creation Units and portfolio securities on a basis of "T" plus three Business Days (i.e., days on which the national securities exchange is open). The Fund may effect deliveries of Creation Units and portfolio securities on a basis other than T plus three or T plus two in order to accommodate local holiday schedules, to account for different treatment among foreign and U.S. markets of dividend record dates and ex-dividend dates, or under certain other circumstances. The ability of the Trust to effect in-kind creations and redemptions within three Business Days of receipt of an order in good form is subject, among other things, to the condition that, within the time period from the date of the order to the date of delivery of the securities, there are no days that are holidays in the applicable foreign market. For every occurrence of one or more intervening holidays in the applicable foreign market that are not holidays observed in the U.S. equity market, the redemption settlement cycle will be extended by the number of such intervening holidays. In addition to holidays, other unforeseeable closings in a foreign market due to emergencies may also prevent the Trust from delivering securities within normal settlement period.

The securities delivery cycles currently practicable for transferring portfolio securities to redeeming investors, coupled with foreign market holiday schedules, will require a delivery process longer than seven calendar days in certain circumstances. The holidays applicable to the Fund during such periods are listed below, as are instances where more than seven days will be needed to deliver redemption proceeds. Although certain holidays may occur on different dates in subsequent years, the number of days required to deliver redemption proceeds in any given year is not expected to exceed the maximum number of days listed below for the Fund. The proclamation of new holidays, the treatment by market participants of certain days as "informal holidays" (e.g., days on which no or limited securities transactions occur, as a result of substantially shortened trading hours), the elimination of existing holidays, or changes in local securities delivery practices, could affect the information set forth herein at some time in the future.

The dates in calendar year 2015 in which the regular holidays affect the Canadian securities markets are as follows:

2015

Canada

January 1	March 16	June 21	July 9	November 11
January 2	April 3	June 22	August 3	December 25
February 9	April 6	June 24	September 7	December 26
February 16	April 20	July 1	October 12	
February 27	May 18			

Redemption. The longest redemption cycle for the Fund is a function of the longest redemption cycles among the countries whose stocks comprise the Fund. In the calendar year 2015, the dates of the regular holidays affecting the Canadian securities markets do not present settlement periods greater than seven days* for the Fund.

* The worst-case redemption cycles are based on information regarding regular holidays, which may be out of date. Based on changes in holidays, longer (worse) redemption cycles are possible.

TAXES

The Fund intends to qualify for and to elect to be treated as a separate regulated investment company (a “RIC”) under Subchapter M of the Internal Revenue Code, as amended (the “Code”). As a RIC, the Fund will not be subject to U.S. Federal income tax on the portion of its taxable investment income and capital gains that it distributes to its shareholders. To qualify for treatment as a RIC, a company must annually distribute at least 90% of its net investment company taxable income (which includes dividends, interest and net short-term capital gains) and meet several other requirements relating to the nature of its income and the diversification of its assets. If the Fund fails to qualify for any taxable year as a RIC, all of its taxable income will be subject to tax at regular corporate income tax rates without any deduction for distributions to shareholders, and such distributions generally will be taxable to shareholders as ordinary dividends to the extent of the Fund’s current and accumulated earnings and profits.

The Fund is treated as a separate corporation for federal income tax purposes. The Fund therefore is considered to be a separate entity in determining its treatment under the rules for RICs described herein and in the Prospectus.

The Fund will be subject to a 4% excise tax on certain undistributed income if it does not distribute to its shareholders in each calendar year an amount at least equal to the sum of 98% of its ordinary income for the calendar year (taking into account certain deferrals and elections) plus 98.2% of its net capital gains (adjusted for certain ordinary losses) for twelve months ended October 31 of such year. The Fund intends to declare and distribute dividends and distributions in the amounts and at the times necessary to avoid the application of this 4% excise tax.

As a result of tax requirements, the Trust on behalf of the Fund has the right to reject an order to purchase Shares if the purchaser (or group of purchasers) would, upon obtaining the Shares so ordered, own 80% or more of the outstanding Shares of the Fund and if, pursuant to section 351 of the Code, the Fund would have a basis in the Deposit Securities different from the market value of such securities on the date of deposit. The Trust also has the right to require information necessary to determine beneficial Share ownership for purposes of the 80% determination.

The Fund may make investments that are subject to special federal income tax rules, such as investments in repurchase agreements, money market instruments, convertible securities, structured notes, and non-U.S. corporations classified as “passive foreign investment companies” (discussed below). Those special tax rules can, among other things, affect the timing of income or gain, the treatment of income as capital

or ordinary and the treatment of capital gain or loss as long-term or short-term. The application of these special rules would therefore also affect the character of distributions made by the Fund. The Fund may need to borrow money or dispose of some of its investments earlier than anticipated in order to meet its distribution requirements.

The Fund may invest in stocks of foreign companies that may be classified under the Code as passive foreign investment companies (“PFICs”). In general, a foreign company is classified as a PFIC if at least one-half of its assets constitute investment-type assets or 75% or more of its gross income is investment-type income. When investing in PFIC securities, the Fund intends to mark-to-market these securities under certain provisions of the Code and recognize any unrealized gains as ordinary income at the end of the Fund’s fiscal and excise tax years. Deductions for losses are allowable only to the extent of any current or previously recognized gains. These gains (reduced by allowable losses) are treated as ordinary income that the Fund is required to distribute, even though it has not sold or received dividends from these securities. In addition, if the Fund is unable to identify an investment as a PFIC and thus does not make a mark-to-market election, the Fund may be subject to U.S. federal income tax and interest on a portion of any “excess distribution” or gain from the disposition of such shares even if such income is distributed as a taxable dividend by the Fund to its shareholders.

Under Section 988 of the Code, special rules are provided for certain transactions in a foreign currency other than the taxpayer's functional currency (i.e., unless certain special rules apply, currencies other than the U.S. dollar). In general, foreign currency gains or losses from forward contracts, from futures contracts that are not “regulated futures contracts,” and from unlisted options will be treated as ordinary income or loss under Section 988 of the Internal Revenue Code. Also, certain foreign exchange gains or losses derived with respect to foreign fixed income securities are also subject to Section 988 treatment. In general, therefore, Section 988 gains or losses will increase or decrease the amount of the Fund’s investment company taxable income available to be distributed to shareholders as ordinary income, rather than increasing or decreasing the amount of the Fund’s net capital gain.

Distributions from the Fund's net investment income, including net short-term capital gains, if any, and distributions of income from securities lending, are taxable as ordinary income.

Legislation passed by Congress requires reporting of adjusted cost basis information for covered securities, which generally include shares of a RIC acquired after January 1, 2012, to the Internal Revenue Service and to taxpayers. Shareholders should contact their financial intermediaries with respect to reporting of cost basis and available elections for their accounts.

Distributions reinvested in additional Shares of the Fund through the means of a dividend reinvestment service will be taxable dividends to Shareholders acquiring such additional Shares to the same extent as if such dividends had been received in cash. Distributions of net long-term capital gains, if any, in excess of net short-term capital losses are taxable as long-term capital gains, regardless of how long shareholders have held the Shares.

Dividends declared by the Fund in October, November or December and paid to shareholders of record of such months during the following January may be treated as having been received by such shareholders in the year the distributions were declared.

The maximum individual rate applicable to long-term capital gains is either 15% or 20%, depending on whether the individual’s income exceeds certain threshold amounts. In addition, some ordinary dividends declared and paid by the Fund to non-corporate shareholders may qualify for taxation at the lower reduced tax rates applicable to long-term capital gains, provided that holding period and other requirements are met by the Fund and the shareholder. The Fund will report to shareholders annually the

amounts of dividends received from ordinary income, the amount of distributions received from capital gains and the portion of dividends which may qualify for the dividends received deduction. In addition, the Fund will report the amount of dividends to non-corporate shareholders eligible for taxation at the lower reduced tax rates applicable to long-term capital gains.

The sale, exchange or redemption of Shares may give rise to a gain or loss. In general, any gain or loss realized upon a taxable disposition of Shares will be treated as long-term capital gain or loss if the Shares have been held for more than one year. Otherwise, the gain or loss on the taxable disposition of Shares will be treated as short-term capital gain or loss. A loss realized on a sale or exchange of Shares of the Fund may be disallowed if other substantially identical Shares are acquired (whether through the automatic reinvestment of dividends or otherwise) within a sixty-one (61) day period beginning thirty (30) days before and ending thirty (30) days after the date on which the Shares are disposed. In such a case, the basis of the Shares acquired must be adjusted to reflect the disallowed loss. Any loss upon the sale or exchange of Shares held for six (6) months or less is treated as long-term capital loss to the extent of any capital gain dividends received by the shareholders (including undistributed capital gain included in income). Distribution of ordinary income and capital gains may also be subject to state and local taxes.

If, for any calendar year, the total distributions made exceed the Fund's current and accumulated earnings and profits, the excess will, for federal income tax purposes, be treated as a tax free return of capital to each shareholder up to the amount of the shareholder's basis in his or her shares, and thereafter as gain from the sale of shares. The amount treated as a tax free return of capital will reduce the shareholder's adjusted basis in his or her shares, thereby increasing his or her potential gain or reducing his or her potential loss on the subsequent sale of his or her shares.

An additional 3.8% Medicare tax is imposed on certain net investment income (including ordinary dividends and capital gain distributions received from a Fund and net gains from redemptions or other taxable dispositions of Fund shares) of U.S. individuals, estates and trusts to the extent that such person's "modified adjusted gross income" (in the case of an individual) or "adjusted gross income" (in the case of an estate or trust) exceeds certain threshold amounts.

Distributions of ordinary income paid to shareholders who are nonresident aliens or foreign entities that are not effectively connected to the conduct of a trade or business within the U.S. will generally be subject to a 30% U.S. withholding tax unless a reduced rate of withholding or a withholding exemption is provided under applicable treaty law. However, shareholders who are nonresident aliens or foreign entities will generally not be subject to U.S. withholding or income tax on gains realized on the sale of Shares or on dividends from capital gains unless (i) such gain or capital gain dividend is effectively connected with the conduct of a trade or business within the U.S. or (ii) in the case of a non-corporate shareholder, the shareholder is present in the U.S. for a period or periods aggregating 183 days or more during the year of the sale or capital gain dividend and certain other conditions are met. Gains on the sale of Shares and dividends that are effectively connected with the conduct of a trade or business within the U.S. will generally be subject to U.S. federal net income taxation at regular income tax rates.

For distributions with respect to taxable years of RICs beginning before January 1, 2015 (if not extended further by Congress), a RIC is not required to withhold any amounts with respect to distributions to foreign shareholders that are properly designated by the Fund as "interest-related dividends" or "short-term capital gain dividends," provided that the income would not be subject to federal income tax if earned directly by the foreign shareholder. There can be no assurance as to whether or not legislation will be enacted to extend this exemption. Additionally, even if such legislation is enacted, the Fund may withhold tax on these distributions regardless of the fact that it may not be required to do so. Foreign shareholders are urged to consult their own tax advisors concerning the applicability of the U.S. withholding tax and the potential application of the U.S. estate tax.

Effective July 1, 2014, the withholding of U.S. tax (at a 30% rate) is required with respect to payments of taxable dividends and (effective January 1, 2017) redemption proceeds and certain capital gain dividends made to certain non-U.S. entities that fail to comply (or be deemed compliant) with extensive new reporting and withholding requirements designed to inform the U.S. Department of the Treasury of U.S.-owned foreign investment accounts. Shareholders may be requested to provide additional information to enable the applicable withholding agent to determine whether withholding is required.

Some shareholders may be subject to a withholding tax on distributions of ordinary income, capital gains and any cash received on redemption of Creation Units (“backup withholding”). Generally, shareholders subject to backup withholding will be those for whom no certified taxpayer identification number is on file with the Fund or who, to the Fund’s knowledge, have furnished an incorrect number. When establishing an account, an investor must certify under penalty of perjury that such number is correct and that such investor is not otherwise subject to backup withholding.

The foregoing discussion is a summary only and is not intended as a substitute for careful tax planning. Purchasers of Shares should consult their own tax advisors as to the tax consequences of investing in such Shares, including under federal, state, local and other tax laws. Finally, the foregoing discussion is based on applicable provisions of the Code, regulations, judicial authority and administrative interpretations in effect on the date hereof. Changes in applicable authority could materially affect the conclusions discussed above, possibly retroactively.

FEDERAL TAX TREATMENT OF FUTURES AND OPTIONS CONTRACTS

The Fund is required for federal income tax purposes to mark to market and recognize as income for each taxable year its net unrealized gains and losses on certain futures contracts as of the end of the year as well as those actually realized during the year. Gain or loss from futures and options contracts on broad-based indexes required to be marked to market will be 60% long-term and 40% short-term capital gain or loss. Application of this rule may alter the timing and character of distributions to shareholders. The Fund may be required to defer the recognition of losses on futures contracts, options contracts and swaps to the extent of any unrecognized gains on offsetting positions held by the Fund.

In order for the Fund to continue to qualify for federal income tax treatment as a RIC, at least 90% of its gross income for a taxable year must be derived from qualifying income, i.e., dividends, interest, income derived from loans or securities, gains from the sale or other disposition of stocks or securities or of foreign currencies or other income derived with respect to the Fund’s business of investing in securities (including net income derived from an interest in certain “qualified publicly traded partnerships”). It is anticipated that any net gain realized from the closing out of futures or options contracts will be considered gain from the sale or other disposition of securities or derived with respect to the Fund’s business of investing in securities and therefore will be qualifying income for purposes of the 90% gross income requirement.

The Fund distributes to shareholders at least annually any net capital gains which have been recognized for federal income tax purposes, including unrealized gains at the end of the Fund’s fiscal year on futures or options transactions. Such distributions are combined with distributions of capital gains realized on the Fund’s other investments and shareholders are advised on the nature of the distributions.

DETERMINATION OF NAV

The following information supplements and should be read in conjunction with the section in the Prospectus entitled “Net Asset Value.”

The NAV per Share of the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares of the Fund outstanding, rounded to the nearest cent. Expenses and fees, including without limitation, the management and administration fees, are accrued daily and taken into account for purposes of determining NAV. The NAV per Share is calculated by the Custodian and determined as of the close of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern time) on each day that such exchange is open.

In computing the Fund's NAV, the Fund's securities holdings traded on a national securities exchange are valued based on their last sale price. Price information on listed securities is taken from the exchange where the security is primarily traded. Securities regularly traded in an OTC market are valued at the latest quoted sale price in such market or in the case of the NASDAQ, at the NASDAQ official closing price. Other portfolio securities and assets for which market quotations are not readily available are valued based on fair value as determined in good faith in accordance with procedures adopted by the Board.

DIVIDENDS AND DISTRIBUTIONS

The following information supplements and should be read in conjunction with the section in the Prospectus entitled "Distributions."

General Policies. Dividends from net investment income, if any, are declared and paid annually. Distributions of net realized securities gains, if any, generally are declared and paid once a year, but the Trust may make distributions on a more frequent basis. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of the Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income.

Dividends and other distributions on Fund Shares are distributed, as described below, on a pro rata basis to Beneficial Owners of such Shares. Dividend payments are made through DTC Participants and Indirect Participants to Beneficial Owners then of record with proceeds received from the Fund.

Dividend Reinvestment Service. No reinvestment service is provided by the Trust. Broker-dealers may make available the DTC book-entry Dividend Reinvestment Service for use by Beneficial Owners of the Fund for reinvestment of their dividend distributions. Beneficial Owners should contact their broker to determine the availability and costs of the service and the details of participation therein. Brokers may require Beneficial Owners to adhere to specific procedures and timetables.

INDICATIVE INTRA-DAY VALUE

The approximate value of a Fund's investments on a per-Share basis, the Indicative Intra-Day Value ("IIV"), is disseminated by the Exchange every 15 seconds during hours of trading on the Exchange. The IIV should not be viewed as a "real-time" update of NAV because the IIV will be calculated by an independent third party calculator and may not be calculated in the exact same manner as NAV, which is computed daily.

The Exchange calculates the IIV during hours of trading on the Exchange by dividing the "Estimated Fund Value" as of the time of the calculation by the total number of outstanding Shares. "Estimated Fund Value" is the sum of the estimated amount of cash held in the Fund's portfolio, the estimated amount of accrued interest owing to the Fund and the estimated value of the securities held in the Fund's portfolio, minus the estimated amount of liabilities. The IIV will be calculated based on the same portfolio holdings disclosed on the Fund's website. In determining the estimated value for each of the component securities, the IIV will use last sale, market prices or other methods that would be considered appropriate for pricing

equity securities held by registered investment companies. Although the Fund provides the independent third party calculator with information to calculate the IIV, the Fund is not involved in the actual calculation of the IIV and is not responsible for the calculation or dissemination of the IIV. The Fund makes no warranty as to the accuracy of the IIV.

MISCELLANEOUS INFORMATION

Counsel. Dechert LLP, 1095 Avenue of the Americas, New York, New York, 10036, is counsel to the Trust.

Independent Registered Public Accounting Firm. Deloitte & Touche LLP, 555 17th Street, Suite 3600, Denver, Colorado 80202, serves as the Fund's independent registered public accounting firm. They audit the Fund's financial statements and perform other related audit services.

FINANCIAL STATEMENTS

As of the date of this SAI, the Fund has not commenced investment operations. When available, you can obtain copies of the Fund's Annual Report and Semi-Annual Report at no charge by writing or telephoning the Fund at the address or number on the front page of this SAI.

APPENDIX A

ALPS Advisors, Inc. Proxy Voting Policy, Procedures and Guidelines

1. POLICY STATEMENT AND BACKGROUND

OVERVIEW

An investment adviser that exercises voting authority over clients' proxies must adopt written policies and procedures that are reasonably designed to ensure that those proxies are voted in the best economic interests of clients. An adviser's policies and procedures must address how the adviser resolves material conflicts of interest between its interests and those of its clients. An investment adviser must comply with certain record keeping and disclosure requirements with respect to its proxy voting responsibilities. In addition, an investment adviser to ERISA accounts has an affirmative obligation to vote proxies for an ERISA account, unless the client expressly retains proxy voting authority.

POLICY SUMMARY

With all advisory clients of AAI currently being investment companies registered under the 1940 Act, any assignment of voting authority over the Funds' voting securities is typically delegated to AAI as the Funds' investment adviser, or the Funds' sub-adviser by the respective Funds' Board of Trustees/Directors. If the Funds' day-to-day investment decisions are performed by the Funds' investment sub-adviser(s), Funds' Board of Trustees/Directors may elect to delegate the responsibility of voting proxies to such sub-adviser to be voted in accordance to the sub-adviser's proxy voting policies and procedures in conformance with Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended. For securities in the portfolio of a Fund that is managed by more than one sub-adviser, each sub-adviser shall make voting decisions pursuant to their own proxy voting policies and procedures, as adopted in conformance with the Advisers Act for their respective portions of the Fund's portfolio, unless directed otherwise.

ALPS Advisors, Inc. ("AAI") has adopted and implemented the following policies and procedures, which it believes are reasonably designed to: (1) ensure that proxies are voted in the best economic interest of clients and (2) address material conflicts of interest that may arise. AAI will provide clients with a copy of its policies and procedures, as they may be updated from time to time, upon request. Information regarding AAI's proxy voting decisions is confidential. Therefore, the information may be shared on a need to know basis only, including within AAI. Advisory clients may obtain information on how their proxies were voted by AAI. However, AAI will not selectively disclose its investment company clients' proxy voting records to third parties; the investment company clients' proxy records will be disclosed to shareholders by publicly-available annual filings of each investment company's proxy voting record for 12-month periods ending June 30th.

POLICY

All proxies regarding client securities for which AAI has authority to vote will, unless AAI determines in accordance with policies stated below to refrain from voting, be voted in a manner considered by AAI to be in the best interest of AAI's clients.. The best interest of clients is defined for this purpose as the interest of enhancing or protecting the economic value of client accounts, considered as a group rather than individually, as AAI determines in its sole and absolute discretion. There may also be instances where a fund relies upon Section 12(d)(1)(F), and by law, the fund may be required to vote proxies in the same proportion as the vote of all other shareholders of the acquired fund (i.e., "echo vote"). In the event a client believes that its other interests require a different vote, AAI will vote as the client clearly instructs, provided AAI receives such instructions in time to act accordingly.

AAI endeavors to vote, in accordance with this Policy, all proxies of which it becomes aware, subject to the following general exceptions (unless otherwise agreed) when AAI expects to routinely refrain from voting:

- i. Proxies will usually not be voted in cases where the security has been loaned from the Client's account and subsequently, AAI determines that the type of proxy issue is not material to shareholders. AAI will utilize the below considerations to determine if a security then on loan should be recalled for voting purposes. Decisions will generally be made on a case-by-case basis depending on whether, in AAI's judgment,:
 - the matter to be voted on has critical significance to the potential value of the security in question;
 - the security represents a significant holding and whether the security is considered a long-term holding; and
 - AAI believes it can recall the security in time to cast the vote.
- ii. Proxies will usually not be voted in cases where AAI deems the costs to the Client and/or the administrative inconvenience of voting the security outweigh the benefit of doing so (e.g., international issuers which impose share blocking restrictions).

AAI seeks to avoid the occurrence of actual or apparent material conflicts of interest in the proxy voting process by voting in accordance with predetermined voting guidelines and observing other procedures that are intended to guard against and manage conflicts of interest (refer to Section III, Conflicts of Interest below).

2. PROCEDURES AND CONTROLS

AAI has adopted the following proxy voting procedures and controls for any client securities which AAI has authority to vote on. Where proxy voting is delegated to the sub-adviser, the sub-adviser will adopt proxy voting policies and procedures in accordance in conformance with Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended.

I. PROXY COMMITTEE

AAI has established a Proxy Committee whose standing members include Chief Compliance Officer, Deputy Chief Compliance Officer, Chief Investment Officer, Vice President, and Senior Vice President and Director of Index Management & Product Oversight. These members participate as voting authorities on the Committee. Each standing member may designate a senior portfolio manager or a senior analyst officer to act as a substitute in a given matter on their behalf. Additionally, the Proxy Committee regularly involves other associates (e.g., Fund CCO or Legal representative) who participate as needed to enable effective execution of the Committee's responsibilities.

The Proxy Committee's functions include, in part,

- (a) direction of the vote on proposals where there has been a recommendation to the Proxy Committee not to vote according to the predetermined Voting Guidelines (stated in Appendix A) or on proposals which require special, individual consideration in accordance with Section III.C;
- (b) review periodically this Proxy Voting Policy and Procedure to ensure consistency with internal policies, client disclosures and regulatory requirements;
- (c) development and modification of Voting Procedures, as stated in Section VI, as it deems appropriate or necessary.

II. CONFLICTS OF INTEREST

For purposes of this policy, a material conflict of interest is a relationship or activity engaged in by AAI, an AAI affiliate, or an AAI associate that creates an incentive (or appearance thereof) to favor the interests of AAI, the

affiliate, or associate, rather than the clients' interests. For example, AAI may have a conflict of interest if either AAI has a significant business relationship with a company that is soliciting a proxy, or if an AAI associate involved in the proxy voting decision-making process has a significant personal or family relationship with the particular company. A conflict of interest is considered to be "material" to the extent that a reasonable person could expect the conflict to influence AAI's decision on the particular vote at issue. In all cases where there is deemed to be a material conflict of interest, AAI will seek to resolve it in the clients' best interests.

AAI follows the proxy guidelines and uses other research services provided by Institutional Shareholder Services, Inc. ("ISS") or another independent third party. In providing proxy voting services to AAI, ISS provides vote recommendations on a pre-determined policy. Generally, AAI will vote proxies based on ISS' pre-determined voting policy. In doing so, AAI demonstrates that its vote would not be a product of a conflict of interest as AAI would have little or no discretion on how the proxy was voted.

AAI has undertaken a review of ISS' conflicts of interest procedures, and will continue to monitor them on an ongoing basis. In the event that AAI determines that it would be appropriate to use another third party, it will undertake a similar conflicts of interest assessment review.

III. PROXY VOTING GUIDELINES

A. AAI's Proxy Voting Guidelines – General Practices.

The Proxy Committee has adopted the guidelines for voting proxies specified in Appendix A of this policy. AAI will use an independent, third-party vendor to implement its proxy voting process as AAI's proxy voting agent. In general, whenever a vote is solicited, ISS or another independent third party will execute the vote according to AAI's Voting Guidelines.

B. Ability to Vote Proxies Other than as Provided by Voting Guidelines.

A portfolio manager or other party involved with a client's account may conclude that the best interest of the firm's client, as defined above, requires that a proxy be voted in a manner that differs from the predetermined proxy Voting Guidelines. In this situation, he or she will request that the Proxy Committee consider voting the proxy other than according to such Guidelines. If any person, group, or entity requests the Proxy Committee (or any of its members) vote a proxy other than according to the predetermined Voting Guidelines, that person will furnish to the Proxy Committee a written explanation of the reasons for the request and a description of the person's, group's, or entity's relationship, if any, with the parties proposing and/or opposing the matter's adoption. The Proxy Committee may consider the matter including any potential conflicts of interest. A research analyst or portfolio manager must disclose in writing any inappropriate attempt to influence their recommendation or any other personal interest that they have with the issuer (see Conflicts of Interest Disclosure and Certification Form - Appendix B to this policy).

C. Other Proxy Proposals

For the following categories of proposals either the Proxy Committee will determine how proxies related to all such proposals will be voted, or the proxies will be voted in accordance with ISS' or an individual client's guidelines.

1. New Proposals. For each new type of proposal that is expected to be proposed to shareholders of multiple companies, the Proxy Committee will develop a Voting Guideline which will be incorporated into this Policy.

2. Accounts Adhering to Taft Hartley Principles. All proposals for these accounts will be voted according to the Taft Hartley Guidelines developed by ISS.

3. Accounts Adhering to Socially Responsible Principles. All proposals for these accounts will be voted according to the Socially Responsible Guidelines developed by ISS or as specified by the client.

4. Proxies of International Issuers which Block Securities Sales between the Time a Shareholder submits a Proxy and the Vote. In general, AAI will refrain from voting such securities. However, in the exceptional circumstances that AAI determines that it would be appropriate to vote such proxies, all proposals for these securities will be voted only on the specific instruction of the Proxy Committee and to the extent practicable in accordance with the Voting Guidelines set forth in this Policy.

5. Proxies of Investment Company Shares. Proposals on issues other than those provided in Section III.B will be voted on the specific instruction of the Proxy Committee.

6. Executive/Director Compensation. Except as provided in Section III.B, proposals relating to compensation of any executive or director will be voted as recommended by ISS or as otherwise directed by the Proxy Committee.

7. Preemptive Rights. Proposals to create or eliminate shareholder preemptive rights. In evaluating these proposals the Proxy Committee will consider the size of the company and the nature of its shareholder base.

IV. VOTING PROCEDURES

The Proxy Committee has developed the following procedures to aid the voting of proxies according to the Voting Guidelines. The Proxy Committee may revise these procedures from time to time, as it deems necessary or appropriate to affect the purposes of this Policy.

1. AAI will use an independent, third-party vendor, to implement its proxy voting process as AAI's proxy voting agent. This retention is subject to AAI continuously assessing the vendor's independence from AAI and its affiliates, and the vendor's ability to perform its responsibilities (and, especially, its responsibility to vote client proxies in accordance with AAI's proxy voting guidelines) free of any actual, potential or apparent material conflicts of interests that may arise between the interests of the vendor, its affiliates, the vendor's other clients and the owners, officers or employees of any such firm, on the one hand, and AAI's clients, on the other hand. As means of performing this assessment, AAI will require various reports and notices from the vendor, as well as periodic audits of the vendor's voting record and other due diligence.
2. ISS will provide proxy analysis and record keeping services in addition to voting proxies on behalf of AAI in accordance with this Policy.
3. On a daily basis, AAI or designee will send to ISS a holdings file detailing each equity holding held in all accounts over which AAI has voting authority.
4. AAI will complete a Vote Authorization Registration with ISS for any new client which will describe how ballots will be executed on behalf of the client. In addition, AAI will complete and provide the client's custodian bank with a Letter of Authorization. The letter will serve as notice that AAI has retained ISS to act as the voting agent for the securities held in the client's account and will instruct the custodian bank to forward all ballots, meeting notices, and other proxy materials to ISS.
5. ISS will receive proxy material information from Proxy Edge or the custodian bank for the account. This will include issues to be voted upon, together with a breakdown of holdings for AAI accounts. ISS will then reconcile information it receives from Proxy Edge and custodian banks. Any discrepancies will be promptly noted and resolved by ISS, with notice to AAI.
6. Whenever a vote is solicited, ISS will execute the vote according to AAI's Voting Guidelines which will be delivered by AAI to ISS as set forth in Appendix A and anytime there is a material change to these guidelines.
 - If ISS is unsure how to vote a particular proxy, ISS will issue a request for voting instructions to AAI

over a secure website. AAI personnel will check this website regularly. The request will be accompanied by a recommended vote. The recommended vote will be based upon ISS' understanding of the Voting Guidelines previously delivered to ISS. AAI will promptly provide ISS with any amendments or modifications to the Voting Guidelines if necessary. AAI will return a final instruction to vote to ISS, which ISS will record with Proxy Edge or the custodian bank as our agent.

7. Each time that ISS sends AAI a request to vote, the request will be accompanied by the recommended vote determined in accordance with AAI's Voting Guidelines. ISS will vote as indicated in the request unless the client has reserved discretion, the Proxy Committee determines that the best interest of clients requires another vote, or the proposal is a matter as to which the Proxy Committee affords special, individual consideration under Section III.B. In such situations, ISS will vote based on the direction of the client or the Proxy Committee, as the case may be. The interests of AAI's Taft Hartley or Socially Responsible clients may impact a proposal that normally should be voted in a certain way. ISS will inform AAI of all proposals having impact on its Taft Hartley and or Socially Responsible clients. The Proxy Voting Committee will be consulted before a vote is placed in cases where Taft Hartley or Socially Responsible issues are presented.
8. ISS will have procedures in place to ensure that a vote is cast on every security holding maintained by AAI on which a vote is solicited unless otherwise directed by the Proxy Committee. On a yearly basis, or as required by our clients AAI will receive a report from ISS detailing AAI's voting for the previous period.

V. SECURITIES LENDING

Each Fund advised by AAI, where authorized by its respective Board, may engage in securities lending transactions, to the extent permitted by the Fund's investment policies and limitations. The Adviser will be required to monitor for scheduled or anticipated proxy votes relating to securities on loan and determine whether the securities should be recalled from loan on the relevant record date. AAI has retained ISS to provide notifications relating to portfolio securities on loan, and AAI will make the determination whether or not to recall a particular security in order to cast the vote. There may be situations where the Adviser may not be able to recall the security in time to cast the vote.

VI. SUPERVISION

Managers and supervisory personnel are responsible for ensuring that their associates understand and follow this policy and any applicable procedures adopted by the business group to implement the policy. The Proxy Committee has ultimate responsibility for the implementation of this Policy.

VII. ESCALATION

With the exception of conflicts of interest-related matters, issues arising under this policy should be escalated to AAI's CCO, or designee. Issues involving potential or actual conflicts of interest should be promptly communicated to Compliance or Legal. Compliance will notify the Fund Chief Compliance Officer(s), if a material conflict of interest has arisen that deems the attention of the respective Fund Board(s).

VIII. MONITORING

AAI's Compliance Department is primarily responsible for overseeing the day-to-day operations of the proxy voting process. The Compliance Department's monitoring will take into account the following elements: (1) periodic review of ISS votes to ensure that ISS is accurately voting consistent with AAI's Proxy Guidelines; and (2) review of fund's N-PX report to ensure that it's filed in a timely and accurate manner. Additionally, AAI will review ISS' conflicts of interest policies.

AAI's Compliance Committee monitors proxy matters for its clients including monitoring material conflicts of

interest identified.

IX. AVAILABILITY OF PROXY VOTING POLICY AND VOTING RECORD

A summary disclosure regarding the provisions of this Policy is available in AAI's Form ADV. Upon receipt of a Client's request for more information, AAI will provide to the Client a copy of this Policy and/or how AAI voted proxies for the Client pursuant to this Policy for up to a one-year period. It is AAI's policy not to disclose how it voted a client's proxy to third parties.

With respect to its investment company clients, AAI will not selectively disclose its investment company clients' proxy voting records; rather, ALPS will disclose such information by publicly available annual filings. AAI will create and maintain records of each investment company's proxy record for 12-month periods ended June 30th. AAI will compile the following information for each matter relating to a portfolio security considered at any shareholder meeting during the period covered by the annual report and which the company was entitled to vote:

- The name of the issuer of the security;
- The exchange ticker symbol of the portfolio security (is symbol is available through reasonably practicable means);
- The Council on Uniform Securities Identification Procedures number for the portfolio security (if number is available through reasonably practicable means);
- The shareholder meeting date;
- A brief identification of the matter voted on;
- Whether the matter was proposed by the issuer or by a security holder;
- Whether the company cast its vote on the matter;
- How the company cast its vote (e.g., for or against proposal, or abstain; for or withhold regarding the election of directors); and
- Whether the company cast its vote for or against management.

X. OTHER RECORD KEEPING REQUIREMENTS

Business groups and support partners are responsible for maintaining all records necessary to evidence compliance with this policy. The records must be properly maintained and readily accessible in order to evidence compliance with this policy.

These records include:

- Proxy Committee Meeting Minutes and Other Materials (routine oversight matters are discussed within AAI's Compliance Committee meetings and will be documented within the Compliance Committee's materials);
- Analysis and Supporting Materials of Investment Management Personnel Concerning Proxy Decisions and Recommendations;
- Conflicts of Interest Review Documentation, including Conflicts of Interest Forms; and
- Client Communications Regarding Proxy Matters.

Records should be retained for a period of not less than six years. Records must be retained in an appropriate office of AAI for the first three years.

Dated: November 29, 2006

Last Amended: December 19, 2014

APPENDIX A

Summary of Proxy Voting Guidelines

AAI has adopted Institutional Shareholder Services, Inc.'s ("ISS") standard benchmark policy which allows ISS to apply the most appropriate underlying guideline for each respective ballot. ISS has created multiple guidelines to cover various markets, including, but not limited to: U.S., Canada, Europe, United Kingdom, Asia, Africa and Australia. AAI retains the right to override any of ISS' guidelines on a case-by-case basis. A concise summary of ISS' current Proxy Voting Guidelines can be found at <http://www.issgovernance.com/policy>.

APPENDIX B

Conflicts of Interest Disclosure Form

ALPS ADVISORS, INC.

PROXY VOTING CONFLICT OF INTEREST DISCLOSURE FORM

1. *Company name:* _____
2. *Date of Meeting:* _____
3. *Referral Item(s):* _____
4. *Description of AAI's Business Relationship with Issuer of Proxy which may give rise to a conflict of interest:* _____

5. *Describe procedures used to address any conflict of interest:* _____

Compliance will consider information about AAI's significant business relationships, as well as other relevant information. The information considered by Compliance may include information regarding: (1) AAI client and other business relationships; (2) any relevant personal conflicts; and (3) communications between investment professionals and parties outside the AAI investment division regarding the proxy matter. Compliance will consult with relevant experts, including legal counsel, as necessary.

If Compliance determines that it reasonably believes (1) AAI has a material conflict of interest, or (2) certain individuals should be recused from participating in the proxy vote at issue, Compliance will inform the Chair of the Proxy Committee. Where a material conflict of interest is determined to have arisen in the proxy voting process, AAI's policy is to invoke one or more of the following conflict management procedures:

- a. Causing the proxies to be voted in accordance with the recommendations of an independent third party (which generally will be AAI's proxy voting agent);
- b. Causing the proxies to be delegated to a qualified, independent third party, which may include AAI's proxy voting agent.
- c. In unusual cases, with the Client's consent and upon ample notice, forwarding the proxies to AAI's clients so that they may vote the proxies directly.

Affiliate Investment Companies and Public Companies

AAI considers (1) proxies solicited by open-end and closed-end investment companies for which AAI or an affiliate serves as an investment adviser or principal underwriter to present a material conflict of interest for AAI. Consequently, the proxies of such affiliates will be voted following one of the conflict management procedures discussed above.

Management of Conflicts of Interest – Additional Procedures

AAI has various compliance policies and procedures in place in order to address any material conflicts of interest that might arise in this context.

- a. AAI's Code of Ethics affirmatively requires that associates of AAI act in a manner whereby no actual or apparent conflict of interest may be seen as arising between the associate's interests and those of AAI's Clients.
- b. By assuming his or her responsibilities pursuant to this Policy, each member of the Proxy Committee (including the chairperson) and any AAI or ALPS associate advising or acting under the supervision or oversight of the Proxy Committee undertakes:
 - To disclose in writing to AAI's Chief Compliance Officer any actual or apparent personal material conflicts of interest which he or she may have (e.g., by way of substantial ownership of securities, relationships with nominees for directorship, members of an issuer's or dissident's management or otherwise) in determining whether or how AAI will vote proxies. Additionally, each member must disclose any direct, indirect or perceived influence or attempt to influence such action which the member or associate views as being inconsistent with the purpose or provisions of this Policy or the Code of Ethics of AAI or ALPS. In the event any member of the Proxy Committee has a conflict of interest regarding a given matter, he or she will abstain from participating in the Committee's determination of whether and/or how to vote in the matter; and
 - To refrain from taking into consideration, in the decision as to whether or how AAI will vote proxies the existence of any current or prospective material business relationship between AAI, ALPS or any of their affiliates, on one hand, and any party (or its affiliates) that is soliciting or is otherwise interested in the proxies to be voted, on the other hand.
- c. In certain circumstances, AAI follows the proxy guidelines and uses other research services provided by Institutional Shareholder Services, Inc. ("ISS") or another independent third party. AAI has undertaken a review of ISS' conflicts of interest procedures, and will continue to monitor them on an ongoing basis. In the event that AAI determines that it would be appropriate to use another third party, it will undertake a similar conflicts of interest assessment review.

6. Describe any contacts from parties outside AAI (other than routine communications from proxy solicitors) with respect to the referral item not otherwise reported in an investment professional's recommendation:

CERTIFICATION

The undersigned personnel of AAI certifies that, to the best of his/her knowledge, any recommendation of an investment professional provided under circumstances where a conflict of interest exists was made solely on the investment merits and without regard to any other consideration.
